POLICE DEPARTMENT.

NOTIFICATIONS.

No. 1068 Pl.—The 27th March 1925.—In exercise of the power conferred by clause (b) of section 13 of the Calcutta Suppression of Immoral Traffic Act, 1923 (Bengal Act XIII of 1923), the Governor in Council is pleased to make the following rules for the care, treatment, instruction and maintenance of girls placed in the Girl's Refuge in Calcutta by an order of Court under sub-section (2) of section 4 of the said Act, namely :—

Rules.

1. Inmates of Girl's Refuge in Calcutta shall not be allowed to receive visitors or letters without the express permission of a Deputy Commissioner of Police. Inmates whose attendance is required before the Police or before a Court shall be permitted to leave the Refuge for this purpose only on receipt of a written requisition signed by a Deputy Commissioner of Police or of a summons issued by a Court of competent jurisdiction. Inmates shall be accompanied by the Lady Superintendent if practicable.

2. The Lady Superintendent shall take every inmate to the Lady Doctor at the Dufferin Hospital for examination as soon as possible after admission. Inmates found to be suffering from specific diseases shall be kept as far as practicable separate from the other inmates. Inmates suffering from minor ailments requiring medical attention shall be taken by the Lady Superintendent to the Dufferin Hospital (Out-patients' Department) for treatment as out-patients. In case of serious illness, inmates shall be taken to the nearest hospital for admission and immediate intimation shall be sent to a Deputy Commissioner of Police.

3. In the case of the death of any inmate, the circumstances of the case shall be immediately reported to the Commissioner of Police.

4. The Lady Superintendent, assisted by the Matron, shall take every care to prevent the exercise of evil influences by inmates of bad character on the other inmates.

5. Each inmate shall have a separate bed with a floor space of not less than 8 x 5 feet per bed. They shall wear the clothing supplied by the Lady Superintendent. Every effort shall be made to instil in their minds the habits of cleanliness and tidiness.

6. Plain wholesome food shall be supplied to the inmates according to their caste scruples.

7. Suitable employment, with proper intervals for rest and recreation shall be found for the inmates. The employment shall include housework, sewing, etc. A portion of the day shall be devoted to giving the inmates such simple education as is consistent with their age and capacity.

8. The Refuge shall be kept under the purdah system and no male visitors shall be permitted to interview any of its inmates except in the Lady Superintendent's office and in her presence.

No. 1069 Pl.—The 27th March 1925.—In exercise of the power conferred by clause (c) of section 13 of the Calcutta Suppression of Immoral Traffic Act, 1923 (Bengal Act XIII of 1923), the Governor in Council is pleased to make the following rule, namely :—

"The Girl's Refuge in Calcutta shall ordinarily be a place in which Indian girls below the age of sixteen years shall be detained under the provisions of section 5 of the Calcutta Suppression of Immoral Traffic Act, 1923."

DECLARATION.

No. 2284 Com.—The 26th March 1925.—Whereas certain land was acquired by Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Santa west siding, East Indian Railway, as lies between chainage 19.70 and chainage 41.70 and as is edged with pink on the plan L. A. M. A. No. 506, and whereas coal mines at Nursamula Colliery are situate under the said land, and whereas the Seeterampore Coal Company, Limited, have given notice to Government, in accordance with the provisions of Act XVIII of 1885, that the said company intend to work the seam known as the Nursamula seam, and whereas the mines have been inspected by the officer appointed by Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Seeterampore Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working :

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the above-mentioned Act XVIII of 1885, that the working shall be carried on by the said Seeterampore Coal Company, Limited, in the manner and subject to the restriction below specified, viz. :—

- (1) No gallery shall be driven nor shall any coal be extracted where the distance from the natural surface of the ground or the bottom of an artificial cutting to the top of the excavation, if made, is less than 50 feet.
- (2) Where the distance from the natural surface of the ground or the bottom of an artificial cutting to the top of the excavation, if made, is 50 feet or more, galleries, not exceeding 12 feet in width by 7 feet in height, may be driven at distances apart not less than 50 feet, centre to centre, forming pillars, not less than 38 feet square, to be left unworked.
- (3) Manholes, not exceeding six feet in height by three feet in width by four feet in depth, may be made where required by any rules made under the Indian Mines Act, 1923.
- (4) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.
- (5) Any collapse of workings, or symptoms of collapse or crush, which may endanger the stability of the acquired land, shall be reported to the Chief Inspector of Mines without delay.

- (6) These restrictions apply to the Nursamuda seam only at Nursamuda Colliery, and to the area edged with pink on the plan, and the Sacterampora Coal Company, Limited, shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of the acquired land.

The plan marked L. A. M. A. No. 596 signed by the Chief Inspector of Mines may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

FORESTS.

NOTIFICATION.

No. 3810 For.—The 25th March 1925.—The following regulations issued by the Government of India, Department of Education, Health and Lands, are republished for general information.

W. S. HOPKINS,

Secretary to the Government of Bengal.

Regulations for the appointment, in India, of probationers for the Indian Forest Service in 1925.

Applications are invited from persons domiciled in India for probationerships for the Indian Forest Service. Candidates of European or Anglo-Indian descent must be unmarried and, if appointed as probationers, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants, who should not be more than 23, nor less than 19, years of age on 30th June 1925, must possess an *Honours*, or a first class degree in Science or an M. Sc. degree of any class of a University incorporated by law in India or the qualifications required of candidates applying for appointment in England.* Applicants who also have completed the requisite course in Forestry must not be more than 25 years of age on the 30th June 1925.

3. Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Testimonials or other recommendations should not be attached to the applications.

4. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

5. Applications from residents in Ajmer, Baluchistan, Coorg, Delhi and North-West Frontier Province should be addressed to the Secretary to the Government of India, Department of Education, Health and Lands, through the Chief Commissioners of those Administrations, and from residents in Indian States through the Political Officer or Agent *in time to reach the Government of India not later than the 1st May 1925*. Applications from residents in other territories should be addressed to the Revenue Secretary of the local Government concerned *in time to reach him not later than the 1st May 1925*. The applications must be in the form attached to these regulations. Copies of the regulations and of the forms of application may be obtained from the Secretary to the Government of India, Department of Education, Health and Lands, the Revenue Secretaries to the Governments of Madras, Assam, Bengal, Bihar and Orissa, Central Provinces, the Punjab and the United Provinces; the Chief Commissioners of Ajmer, Coorg and Delhi; the Chief Commissioner and Agent to the Governor-General in the North-West Frontier Province; the Agent to the Governor-General and Chief Commissioner in Baluchistan and Political Officers of Indian States.

6. Applications must be accompanied by a preliminary medical certificate of fitness for service in the Forest Department, signed by a Presidency Surgeon or the Civil Surgeon of the district or agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the Forest Service and will not exempt candidates from appearance before the final Medical Board.

7. Candidates who from their applications and from any further enquiries that may be considered necessary appear to the Government of India or to the local Government concerned to be *prima facie* suitable will be summoned to appear before a Medical Board to undergo a strict medical examination in which particular stress will be laid on good vision and hearing. Each candidate appearing before the Board will pay a fee of Rs. 16 for his medical examination which will not be refunded whether the candidate is passed as fit or rejected as unfit. If passed as fit for the work of the Forest Department, they will then be interviewed by a Selection Board appointed by the Government of India or by the local Government concerned as the case may be.

* Candidates must have obtained a degree with *Honours* in some branch of Natural Science† in a University of England, Wales, or Ireland, or have passed the Final Bachelor of Science Examination in Pure Science in one of the Universities of Scotland.‡ A degree in Applied Science will not be considered as fulfilling these conditions. Candidates are required to produce evidence that they have a fair knowledge of either German or French. Weight will be attached to the possession of a diploma or degree in Forestry.

† A Moderatorship in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

‡ Graduates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the Final Examination of that University in some one branch of Natural Science embraced in the degree in Pure Science.

8. Candidates summoned by the Government of India to appear for the medical examination and interview referred to in paragraph 7 will not be paid any travelling allowance.

Candidates summoned by local Governments for similar purposes may be paid travelling allowance under such conditions and at such rates as the local Government concerned may specify.

No allowance for board and lodging will be made in connection with the journeys mentioned above and candidates must make their own arrangements in this respect.

9. Untrained candidates selected as a result of the interview prescribed in paragraph 7 will be appointed as probationers for the Indian Forest Service; they will be required to leave for England early in September and, subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. A free second class passage to England will be provided, but neither the cost of travelling to the port of embarkation, nor the cost of the overland journey from Marseilles will be paid to candidates selected for training unless they are expressly instructed to travel overland and provided with steamer tickets to Marseilles only. In the latter event the High Commissioner for India will refund the rail and baggage expenses if directed to do so.

Fully trained candidates, if selected and appointed to the Indian Forest Service, will not be required to undergo any further training in England. They will, however, be placed on probation for the first year of their service. Such candidates shall not be entitled to any payment in lieu of the allowances which are payable to probationers while under training.

10. *Period of probation.*—Before appointment to the Indian Forest Service a probationer will be required—

- (1) to have undergone and qualified in, to an extent to be prescribed by His Majesty's Secretary of State for India, the course of Forestry at such University as the Secretary of State may prescribe;
- (2) to have undergone a special course of instruction in Forestry under the direction and supervision of the Director of Indian Forest Studies;
- (3) to have passed an examination in forest engineering and, if required, in certain other special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law and Indian Working Plans;
- (4) to have undergone a final competitive examination in Forestry;
- (5) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

11. *Charges.*—Probationers will be required to defray all expenses of lodging, board, tuition and excursion to forest centres in the United Kingdom while at the University and on practical instruction.

12. *Allowances.*—The Secretary of State for India in Council makes payment to each probationer at the rate of £350* per annum, not exceeding a total of £700.

These payments are ordinarily made on the following dates:—

First year—

	£
On the first October	75
On the 15th December	100
On the 15th March	75
On the 15th July	100
	<hr/> 350

Second year—

	£
On the 15th December	100
On the 15th March	75
On the 15th July	100
On the 15th October (after execution of agreement)	75
	<hr/> 350

* The Secretary of State for India gives notice that the amount of these allowances will be reconsidered in 1925 with a view to possible reduction with effect from the instalment payable in October 1926.

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent, under the instructions of the Director of Forest Studies, subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials, at the centres visited, will also be paid by the Secretary of State.

The grant of allowances is subject to the following conditions:—

- (a) that the progress of the probationer in his studies is satisfactory;
- (b) that the probationer gives security* to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 15 or failing to join the Indian Forest Service at the end of the period of probation;
- (c) that the probationer undertakes to refund in proportions fixed under the terms of his agreement, the payments, together with the cost of his first-class passage to India, in the event of his leaving the service during the first five years from the date of his appointment.

13. *Conduct.*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

14. *Appointment and seniority.*—Probationers who comply with the requirements of paragraph 10 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Indian Forest Service who fails to profit by the course of training or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period, to be unsuited for the work of a forest officer.

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. Officers promoted from the Provincial to the Indian Service will take rank according to their pay in the latter service. Probationers recruited under these regulations must consequently be prepared to find their names placed below those of officers promoted from the Provincial Service.

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted; but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council and no guarantee can be given that probationers will, on appointment, be posted to their own provinces. Indians will not, however, be required to serve in Burma and Burmese will not be required to serve in India.

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. *Articles of agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. *Passage to India.*—Each probationer on appointment to the Indian Forest Service is provided with a free first-class passage to India.

17. *Salary.*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these regulations.

18. *Promotion and pension.*—Promotion and pension are governed by the regulations laid down by the Secretary of State for India in Council, and applicable to forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by him and their interpretation in case of any doubt arising being left to that authority.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding pensions is contained in Appendix III.

* Probationers will be required to give security to the Local Government or Political Officer, through whom they submitted their applications. If this condition is not satisfied, they will not be permitted to leave for England.

APPENDICES.

APPENDIX I.

Final Examination.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about £35), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 14 of the regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training are required to undergo a competitive final examination in Forestry.

2. A list of the probationers in order of merit is prepared by adding together (a) the marks obtained at the final examination, and (b) the marks obtained during the course of practical training in Forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (a) is the same as under (b).

3. The final examination consists of an oral examination and three or more papers, as follows:—

- (i) One or more papers in Sylviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Utilization (including Forest Engineering).
 - (ii) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.
 - (iii) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.
4. Probationers are not required to pay any fee for the examination.

APPENDIX II.

Total	... 353	

Probationers trained in the United Kingdom will, on appointment to the Indian Forest Service as Assistant Conservators, draw pay from the date on which they report their arrival in India.

APPENDIX III.

PENSION.

Ordinary Pensions.

(1) Imperial officers of the Forest Department will be allowed to retire optionally after 20 or more years' service, and in that event they will ordinarily be entitled to draw pension not exceeding 30-sixtieths of average emoluments subject to the following maxima :—

Rs.					
4,000	a year after	20 years' qualifying service.
6,000	"	25 " "
6,200	"	26 " "
6,400	"	27 " "
6,600	"	28 " "
6,800	"	29 " "
7,000	"	30 " "

(2) Government will have an absolute right to retire any officer after he has completed 25 years' service, without necessity to give reasons and without any claim for compensation in addition to pension, and in that event the pension admissible to the officer will ordinarily be regulated on a scale not exceeding that prescribed in clause (1) above, in the case of optional retirements of officers of the service to which he belongs.

(3) Government reserve an absolute right to reduce the pension ordinarily admissible, in the case of any officer whose service has been unsatisfactory.

(4) The payment, out of India, of pension granted in rupees will continue to be regulated by the provisions of article 934 of the Civil Service Regulations.

Special Additional Pensions.

(5) The existing lists of special appointments have been classified in two grades, as shown in the schedule annexed, the lower grade comprising those posts which involved high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity.

(6) Officers who have held appointments listed in the lower grade in the schedule will be entitled to an additional pension at the rate of Rs. 300 a year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade.

(7) Officers who have held appointments listed in the upper grade in the schedule will be entitled to an additional pension of Rs. 500 a year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

(8) These additional pensions will be awarded, as in the past, only to officers who have given proof of special energy and efficiency. The existing restriction in Article 475, Civil Service Regulations, against the award of additional pensions to officers retiring of their own option before the age of 55 with less than 28 years' service, will also be maintained.

APPOINTMENTS CARRYING ADDITIONAL PENSIONS.

Upper grade.

Inspector-General of Forests.

Chief Conservators of Forests.

President, Forest Research Institute and College, Dehra Dun.

Lower grade.

Conservators of Forests.

APPENDIX IV.

General Physical Requirements.

NOTE.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the rejection of a candidate as physically unfit will be at the absolute discretion of the Medical Board and that this discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with efficient performance of duty.

2. No fixed limits of height or chest measurement are imposed but particular attention will be given to the general development of candidates.

3. The hearing must be good.

4. The speech without impediment.

5. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

6. The chest must be well formed, the lungs and heart sound.

7. The rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

8. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

9. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

10. A candidate must not be the subject of chronic skin disease.

11. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Regulation as to the Standard of Vision for the Indian Forest Service.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2.5 D, and if with correcting glasses, not exceeding 2.5 D, the acuteness of vision in one eye equals $\frac{5}{6}$ and in the other $\frac{5}{6}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed—2.5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{5}{6}$ and in the other eye $\frac{5}{6}$ together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{5}{6}$, and in the other eye equals $\frac{5}{6}$ with +4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service provided the lens or combined lenses required to cover the error of refraction do not exceed 4D, and that the sight of one eye equals $\frac{5}{6}$ and of the other $\frac{5}{6}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{1}{2}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's paper.

No. F.-393-2-22.—The following resolution by the Secretary of State in Council making certain amendments in the Government Servants' Conduct Rules is published for general information:—

RESOLUTION.

In the exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State for India, with the concurrence of a majority of votes at a meeting of the Council of India held this 10th day of February 1925, hereby makes the following amendments in the Government Servants' Conduct Rules, namely:—

For Rule 2 of the said Rules, the following shall be substituted, namely:—

“2.—(1) Save as otherwise provided in this Rule, a Government servant shall not except with the previous sanction of the Government of India,—

(a) accept directly or indirectly on his own behalf or on behalf of any other person, or

(b) permit any member of his family so to accept,

any gift, gratuity, or reward or any offer of a gift, gratuity, or reward from an Indian.

(2) The head of a Government or Administration or a Political Officer may accept a ceremonial gift from an Indian Prince or Chief if the gift is such that a return present will be made at the expense of Government. A gift so accepted shall be deposited in the Government Toshakhana.

(3) Any Government servant may accept from any Indian a complimentary present of flowers or fruit or similar articles of trifling value, but all Government servants shall use their best endeavours to discourage the tender of such gifts.

(4) Any Government servant may accept, or permit any member of his family to accept, from an Indian who is his personal friend, a wedding present of a value which is reasonable in all the circumstances of the case, and which, in the case of a wedding present offered to a European Government servant or to a member of his family, does not exceed Rs. 200. All Government servants shall use their best endeavours to discourage the tender of such presents, and such acceptance or permission shall be reported to the local Government, and, if the local Government so requires, the present shall be returned to the donor.

(5) If a Government servant cannot, without giving undue offence, refuse a gift of substantial value from an Indian, he may accept the same, but shall, unless the Government of India by special order otherwise direct, deliver the gift to Government.”

For rule 4 of the said Rules, the following shall be substituted, namely:—

“4.—(1) A Government servant shall not, save with the previous sanction of the local Government, receive any trowel, key or other similar article offered to him at a ceremonial function, such as the laying of a foundation stone or the opening of a public building.

(2) A local Government may delegate its power of sanction under sub-rule (1) to Commissioners of Divisions, or, in the Madras Presidency, to the Board of Revenue.

(3) Nothing in sub-rule (1) shall be deemed to apply to the head of any local Government or Administration, to any Member of the Governor-General's or a Governor's Executive Council, to the Commissioner in Sind, to the Members of a Board of Revenue, to a Financial Commissioner, or to any Judge of a High Court.”

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Rabi crops of Bengal for 1924-25.

NOTE.—On an average of the five years ending 1922-23, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in September was in excess of the normal while in October it was below the average. Preparatory tillage and sowing of crops, though commenced in the normal time, ended later than usual. In November the rainfall being very heavy interfered with the germination and growth while dry weather during the month of December proved generally beneficial. Showers since the beginning of January have adversely affected the mature crops to some extent, especially where hail has fallen. On the other hand, transplantation and growth of summer rice and other late-sown crops have been facilitated. On the whole, the season may be regarded as a fair one for the crops.

Acreage.—The normal area under the different *rabi* crops in the province dealt with in this forecast is estimated at 2,972,600 acres. The area actually sown this year is reported to be 2,583,200 acres as against 2,617,500 acres last year. Of this, the area under summer (*boro*) rice is returned at 421,700 acres as against 407,900 acres of last year.

Outturn.—According to the estimates of District Officers the outturn of the different *rabi* crops for the Province as a whole works out to 77 per cent. of the normal as against 74 per cent. of last year, the returns from the more important *rabi* districts being as follows :—

Nadia 77, Murshidabad 59, Jessore 53, Khulna 76, Purdwan 73, Midnapore 83, Rajshahi 62, Jalpaiguri 85, Rangpur 100, Pabna 83, Malda 68, Dacca 81, Mymensingh 70, Faridpur 84, Bakarganj 58, Tippera 69 and Noakhali 97.

Summer rice crop.—The outturn of summer rice according to district estimates is 76 per cent. of the normal against 75 per cent. last year. The gross yield of the crop for the Province, on the basis of a normal yield of 14 maunds of clean grain per acre, is thus estimated at 164,800 tons this year against 157,300 tons last year.

Director of Agriculture, Bengal.

J. C. ROY, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 25th March 1925.

Summary.—The week was practically rainless excepting slight showers in a number of places in some North and East Bengal districts. Harvesting of *rabi* crops is approaching completion. Prospects of standing crops are generally fair. Field operations for jute and paddy are proceeding. The average price of common rice for the province has risen by about 1.50 per cent. as compared with that of the previous week.

RESOLUTIONS.

TARIFFS.

The 28th March 1925.

No. 221-T.—In paragraph 16 of the second portion of the original Report regarding the grant of protection to the Steel Industry, the Tariff Board considered as a general conclusion that an increase in duties on unfabricated steel did not necessitate any increase in the duties on imported boats, barges, flats, steamers, etc. The Board did not arrive at any distinct finding as to the duties which ought to be imposed when such vessels were imported as shaped and fabricated parts for erection in India, as that question was not brought to the notice of the Tariff Board. This question is now referred to the Tariff Board for enquiry and report with special reference to a representation received from the Irrawaddy Flotilla Company that the general conclusion of the Tariff Board should be held to cover the imports of shaped and fabricated parts for such vessels.

2. Firms or persons interested in the above enquiry should address their representations direct to the Secretary of the Tariff Board.

ORDER.—Ordered that a copy of the above resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Director General of Commercial Intelligence, the Indian Trade Commissioner in London and the Secretary of the Tariff Board.

Ordered also that it be published in the *Gazette of India*.

No. 38-T. (2).—The Government of India have received a number of representations to the effect that the development of certain industries in India is hampered by the fact that the duty on the finished article is lower than the duty on the materials which have to be imported for the manufacture of that article. A list of such representations is appended to this resolution. The representations will now be referred to the Tariff Board. It is requested to examine these representations and any others of a similar nature which may be brought to its notice and to make such recommendations, whether general or special, as it thinks fit.

2. Firms or persons interested in the above enquiry should address their representations direct to the Secretary of the Tariff Board.

ORDER.—Ordered that a copy of the above resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Director General of Commercial Intelligence, the Indian Trade Commissioner in London and the Secretary of the Tariff Board.

Ordered also that it be published in the *Gazette of India*.

POLITICAL.

Delhi, the 1st April 1925.

No. 383.—The following statement is published for general information :—

A statement by His Excellency the Governor-General of the reasons which have moved him, in exercise of the powers conferred upon him by section 67-B of the Government of India Act, to pass an order for the certification of the Bill to supplement the Bengal Criminal Law Amendment Act, 1925.

J. CRERAR,

Secretary to the Government of India.

STATEMENT.

1 When, on the 25th October, 1924, I made and promulgated an Ordinance to supplement the ordinary Criminal Law in Bengal, I published a statement recording in a concise form the circumstances which in my judgment rendered this measure indispensable. I do not consider it necessary to recapitulate or amplify that statement further than to say that the grave recrudescence of anarchical and terrorist crime in Bengal and the organization of conspiracies to this end can no longer be matter of controversy.

2. I intimated at the same time that measures of a more permanent character would in due course be presented by the Government of Bengal in the local Legislature. In pursuance of this intimation a Bill was introduced in the Bengal Legislative Council, the object of which was to continue the provisions of the Ordinance for a period of five years. This Bill, having been enacted under the provisions of section 72-E of the Government of India Act, has received the assent of His Majesty in Council.

3. Certain of the provisions of the Ordinance were, however, beyond the competence of the local Legislature, partly as affecting the jurisdiction of the High Court of Judicature at Fort William in Bengal and partly as operating, in one particular and in certain contingencies, beyond the territorial limits of the Presidency of Bengal. The object of the present Bill is to supplement the local Act in these respects.

4. The provisions for an appeal to the High Court by any person convicted on a trial held by Commissioners under the local Act and for the submission to the High Court of any sentence of death passed by the Commissioners constitute in my opinion important safeguards for the just and equitable operation of the special procedure instituted by this Act. Circumstances may arise in which it will be desirable that persons committed to custody in jail under section 11 of the local Act should be, for such time as may be needful, removed from the environment in which their presence might be a source of danger to the public security. This is a precaution which I consider necessary. I also consider it indispensable, in order that the preventive and precautionary powers vested by the Act in the Executive Government may be made effective, that orders of arrest or of committal to or detention in custody should not be subject to directions under section 491 of the Code of Criminal Procedure, 1898. Moreover, if proceedings of this character were taken Government might be obliged to reveal information of the most dangerous character and to compromise and render powerless their measures of precaution and intelligence which constitute, in dealing with secret conspiracies, one of the most important practical safeguards of public security. This would clearly frustrate some of the most essential purposes of the Act.

5. For these reasons I have decided and certified that this Bill is essential for the tranquillity of the Presidency of Bengal.

6. Inasmuch as the Bengal Criminal Law Amendment Ordinance, 1924, expires on the 25th April, 1925, and time does not allow of the Bill being submitted for His Majesty's assent in accordance with the procedure laid down in sub-section (2) of section 67-B of the Government of India Act, I have made a direction that the Act shall come into operation forthwith.

LAND SALE NOTICE.

Advertisement of sale.

NOTICE is hereby given that only the proprietary right of the undermentioned plots of land, no longer required by Government, situated along the right and left side of S. S. Railway in the district of Pabna, will be put up to sale at 1 o'clock on the 8th June 1925, corresponding with the 25th Jaista 1332 B. S.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free (subject to the tenants' right having been restored to the tenants) to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it (and a regular conveyance will then be granted to the purchaser).

Sheriff's Proclamation of Sale.

TO be peremptorily sold pursuant to an order dated the 12th day of May 1924 of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction made in execution of a decree dated the 26th day of August 1923 wherein Jiwantmull Rampooria and Mungla Chand Rampooria were the plaintiffs and Krishna Chandra Dey was the defendant by the Sheriff of Calcutta in his sale-room on the ground floor of the High Court by public auction on Friday the 8th day of May 1925 at 12 o'clock noon the undermentioned properties:—

Lot No. 1.—All that the right title and interest of the defendant abovenamed in the piece or parcel of land together with a tank therein containing by estimation 1 bigha and 11 cottahs more or less situate at and being No. 27 Beadon Street formerly No. 14-21-1 Goabagan Street in block No. XXIII holding No. 128 north division of the town of Calcutta and paying an annual rent of Rs. 7-10-3 to the Collector of Calcutta and bounded on the north by Beadon Street on the west partly by municipal bathing platform and partly by No. 23 Haritaki Bagan Lane and partly by the dwelling house of the defendant and others on the south partly by No. 9-1 Haritaki Bagan Lane and partly by Nos. 7-2 and 10 Haritaki Bagan Lane and on the east partly by No. 28 Beadon Street and partly by the open land No. 30-1 Beadon Street.

Lot No. 2.—All that the right title and interest of the defendant in the piece or parcel of land containing by estimation 11 cottahs more or less situate at and being No. 30-1 Beadon Street (now known as No. 1 Raja Gopi Mohan Street) in block No. XXIII holding No. 71 north division of the town of Calcutta and paying an annual rent of Rs. 3-9-8 to the Collector of Calcutta and bounded on the north by premises No. 32 Beadon Street on the east by Raja Gopi Mohan Street, on the south partly by the house of Taraknath Bysack and partly by Haritaki Bagan Lane and on the west by premises No. 27 Beadon Street.

From the searches made in the Office of Registrar of Assurances it appears that there are no encumbrances affecting the above properties.

The sum for the recovery of which the sale has been ordered is Rs. 1,02,820 with interest thereon at 6 per cent. from 20th August 1923 until realization and for the costs of execution out of which Rs. 5,430 has been realized.

The conditions of sale can be seen at the office of the Sheriff of Calcutta on any day before the sale and will be produced at the time of the sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premium paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third Forecast of the Wheat Crop of Bengal, 1924-25.

(NOTE.—On an average of the five years ending 1922-23, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1922-23, averaged (a) 45·2 and (b) 14·1 per cent., respectively.)

Character of the season.—Since the issue of the second forecast in February last the conditions have generally remained the same except that the crop is reported to have deteriorated a little in the districts of Murshidabad and Bogra owing to cloudy weather, and to have improved to some extent in the district of Midnapore. On the whole the crop is expected to be a fair one for the province.

Acreage.—According to District Officers' estimates, the total area sown is 126,200 acres this year as against 120,400 acres reported both in the corresponding and final forecasts of the last year.

Outturn.—The Provincial outturn, as worked out from district estimates, is 79 per cent. of the normal as against 63 and 62 per cent. reported respectively in the corresponding and final forecasts of last year.

Taking the normal yield to be $8\frac{1}{2}$ maunds per acre, the gross yield of the crop for the province is estimated at 30,500 tons this year as against 23,200 tons and 22,900 tons reported respectively in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

Nadia	23,100	11,900	12,000	30	67	Latter part of March. Normal.	The weather condition continued favourable after the submission of the second forecast. The outturn is anticipated to fall much below the normal for want of rain at the time of sowing and thriving.
Murshidabad... ..	35,500	21,300	27,600	58	67	March. Normal	The increase in area as compared with last year is due to timely rain at sowing time. The weather has been fair. The outturn is anticipated to fall much below the normal owing to mist and cloudy weather during the period of development of the crop which has caused some damage.
Jessore	3,800	700	700	50	55	Do. Do.	The weather has not been favourable. The outturn is likely to fall much below the normal owing to unfavourable weather conditions since the submission of the first forecast.
Burdwan	1,800	1,500	1,700	75	83	Middle of March. Normal.	The increase in area compared with last year is due to favourable weather at sowing time. The weather has been fairly favourable. The outturn is anticipated to be ten annas this year.
Birbhum	4,600	2,800	2,500	50	92	March. Normal	The decrease in area is due to increased cultivation of paddy. The weather has been favourable and the outturn is expected to be almost normal.
Bankura	6,300	3,300	4,800	83	100	The increase in area was due to favourable weather at sowing time. The weather has been favourable and a normal outturn is expected.
Midnapore	800	800	800	75	92	March. Normal	The weather and its effects have been favourable owing to rains since the submission of the second forecast.
Hooghly	400	900	200	58	88	Beginning of March. Early.	The decrease in area is due to revision of estimates. The weather has not been favourable. The outturn is anticipated to fall below the normal owing to damage to the extent of 2 annas due to unfavourable weather.
Rajshahi	18,600	9,200	9,500	50	75	March. Normal	The weather has not been favourable for the cultivation and growth of the crop since the submission of the second forecast. Damage to the extent of 2 annas is reported from Walla police-station in Nator.
Dinajpur	1,300	1,800	1,700	49	54	Not commenced yet	The weather has not been favourable. The outturn is anticipated to fall much below the normal owing to unfavourable weather.
Jalpaiguri	800	600	600	83	75	Beginning of April. Normal.	The weather has not been favourable. The outturn is anticipated to fall below the normal owing to damage caused by drought.
Darjeeling	2,900	2,500	2,500	92	92	The weather has been favourable.
Rangpur	3,400	3,400	3,400	100	100	1st week of March	The weather has been favourable and a normal outturn is expected.
Bogra	100	300	300	50	50	March. Normal	The weather has not been favourable since the submission of the second forecast.
Fabna	8,800	4,600	6,000	58	100	Middle of March. Normal.	The increase in area compared with last year is due to favourable weather at sowing time. The weather has been favourable since the submission of the second forecast. The outturn is expected to be normal.
Malda	42,000	48,000	45,000	66	83	Latter part of March	The decrease in area is due to unfavourable weather at sowing time. The outturn is anticipated to fall below the normal owing to unfavourable weather at the beginning which stunted the growth of the crop.
Dacca	4,100	3,500	3,500	59	82	March. Normal	The weather has been favourable since the submission of the second forecast. There has been a little damage to the crop by hail and storm. The outturn is therefore anticipated to fall below the normal.
Mymensingh	600	600	600	83	83	Middle of March. Normal.	The weather has not been favourable and the outturn is anticipated to fall below the normal.
Faridpur	2,700	2,700	2,800	52	82	Second week of March	The weather has been fairly favourable. The outturn is anticipated to fall below the normal as the weather conditions have not all along been uniformly good.

Orders and Notifications by the Government of India republished for general information.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act, which was made by the Governor of Bengal under the provisions of section 72E of the Government of India Act and has received the assent of His Majesty signified by an Order of His Majesty in Council, is hereby published for general information :—

An Act to supplement the ordinary criminal law in Bengal.

I reamble.

WHEREAS it is expedient to supplement the ordinary criminal law in Bengal;

AND WHEREAS the previous sanction of the Governor-General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act;

5 & 6 Geo. V, c. 61; 6 & 7 Geo. V, c. 37; 9 & 10 Geo. V, c. 101.

It is hereby enacted as follows :—

Short title, commencement, extent and duration.

1. (1) This Act may be called the Bengal Criminal Law Amendment Act, 1925;

(2) It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct;

(3) It extends to the whole of Bengal; and

(4) It shall continue in force for five years from the date of its commencement.

Definition.

2. In this Act, unless there is anything repugnant in the subject or context, "the Code" means the Code of Criminal Procedure, 1898.

Act V of 1898.

Power of Local Government to direct trial by Commissioners in certain cases.

3. (1) The Local Government may, by order in writing, direct that any person accused of any offence specified in the First Schedule shall be tried by Commissioners appointed under this Act.

(2) No order under sub-section (1) shall be made in respect of, or be deemed to include, any person who has been committed under the Code for trial before a High Court, but save as aforesaid an order under that sub-section may be made in respect of, or may include, any person accused of any offence specified in the First Schedule whether such offence was committed before or after the commencement of this Act.

Appointment
and qualification
of Commissioners.

4. (1) Commissioners for the trial of persons under this Act shall be appointed by the Local Government.

(2) Such Commissioners may be appointed for the whole of Bengal or for any part thereof, or for the trial of any particular accused person or persons.

(3) All trials under this Act shall be held by three Commissioners, of whom at least two shall be persons who at the time of appointment under this section are serving as, and have for at least three years served as or exercised the powers of, Sessions Judges, or Additional Sessions Judges, or are persons qualified under sub-section (3) of section 101 of the Government of India Act, for appointment as Judges of a High Court.

5 & 6 Geo.
V, c. 61; 6 & 7
Geo. V, c. 37;
9 & 10 Geo.
V, c. 101.

Procedure of
Commissioners.

5. (1) Commissioners appointed under this Act may take cognisance of offences without the accused being committed to them for trial, and in trying accused persons, shall record evidence in the manner prescribed in section 356 of the Code and shall, in other respects also, subject to this Act and to any rules made thereunder, follow the procedure prescribed by the Code for the trial of warrant cases by Magistrates.

(2) In the event of any difference of opinion among the Commissioners, the opinion of the majority shall prevail.

Powers of
Commissioners.

6. (1) The Commissioners may pass upon any person convicted by them any sentence authorised by law for the punishment of the offence of which such person is convicted.

(2) If in any trial under this Act it is found that the accused person has committed any offence, whether such offence is or is not an offence specified in the First Schedule, the Commissioners may convict such person of such offence and pass any sentence authorised by law for the punishment thereof.

Application of
Code of Criminal
Procedure to
proceedings of
Commissioners.

7. The provisions of the Code, so far only as they are not inconsistent with the provisions of, or the special procedure prescribed by or under, this Act shall apply to the proceedings of Commissioners appointed under this Act, and such Commissioners shall have all the powers conferred by the Code on a Court of Sessions exercising original jurisdiction.

Tender
pardon.

8. (1) Commissioners trying an offence under this Act may, with a view to obtaining the evidence of any person supposed to have been directly concerned in, or privy to, the offence, tender a pardon to such person on condition of his making a full and true disclosure of the whole circumstances within his knowledge relative to the offence and to every other person concerned whether as principal or abettor in the commission thereof.

(2) Where, in the case of any offence for the trial of which by Commissioners an order has been made under sub-section (1) of section 3, a pardon has, before the passing of such order, been tendered to and accepted by any person under section 337 of the Code, the provisions of sub-sections (2) and (3) of that section of the Code shall apply as if the accused person had been committed for trial to the Commissioners.

(3) For the purposes of sections 339 and 339A of the Code pardons tendered under sub-section (1) and sub-section (2) shall be deemed respectively to have been tendered under sections 338 and 337 of the Code.

Special
of evidence.

rule

9. Notwithstanding anything contained in the Indian Evidence Act, 1872, when the statement of any person has been recorded by any Magistrate, such statement may be admitted in evidence in any trial before Commissioners appointed under this Act if such person is dead or cannot be found or is incapable of giving evidence, and the Commissioners are of opinion that such death, disappearance, or incapacity has been caused in the interests of the accused. I of 1872.

Rule-making
powers of Local
Government.

10. The Local Government may, by notification in the *Calcutta Gazette*, make rules consistent with this Act to provide for all or any of the following matters, namely,—

- (i) the times and places at which Commissioners appointed under this Act may sit ;
- (ii) the procedure of such Commissioners, including the appointment and powers of their President, and the procedure to be adopted in the event of any Commissioner being prevented from attending throughout the trial of any accused person ;
- (iii) the conduct of and the procedure at trials, the manner in which prosecutions before such Commissioners shall be conducted and the appointment and powers of persons conducting such prosecutions ;
- (iv) the execution of sentences passed by such Commissioners ;
- (v) the temporary custody or release on bail of persons referred to or included in any order made under sub-section (1) of section 3, and the transmission of records to the Commissioners ; and
- (vi) any matter which appears to the Local Government to be necessary for carrying into effect the provisions of this Act relating or ancillary to trials before Commissioners.

Power of Local
Government to
deal with certain
suspects.

11. (1) Where, in the opinion of the Local Government, there are reasonable grounds for believing that any person—

- (i) has acted, is acting or is about to act in contravention of the provisions of the Indian Arms Act, 1878, or of the Explosive Substances Act, 1908 ; or
- (ii) has committed, is committing or is about to commit any offence specified in the Second Schedule ; or
- (iii) has acted, is acting or is about to act with a view to interfere by violence or by threat of violence with the administration of justice ;

XI of 1878.
VI of 1908.

the Local Government, if it is satisfied that such person is a member, or is being controlled or instigated by a member, of any association of which the objects or methods include the doing of any of such acts or the commission of any of such offences, may, by order in writing, give all or any of the following directions, namely, that such person—

- (a) shall notify his residence and any change of residence to such authority as may be specified in the order ;
- (b) shall report himself to the police in such manner and at such periods as may be so specified ;
- (c) shall conduct himself in such manner or abstain from such acts as may be so specified ;
- (d) shall reside or remain in any area so specified ;
- (e) shall not enter, reside in, or remain in area so specified ;
- (f) shall be committed to custody in jail ;

• and may at any time add to, amend, vary or rescind any order made under this section :

Provided that such order shall be reviewed by the Local Government at the end of one year from the date of the making of the order, and shall not remain in force for more than one year unless upon such review the Local Government directs its continuance.

(2) The Local Government in its order under sub-section (1) may direct—

- (a) the arrest without warrant of the person in respect of whom the order is made at any place where he may be found by any police officer or by any officer of Government to whom the order may be directed or endorsed by or under the general or special authority of the Local Government;
- (b) the search of any place specified in the order which in the opinion of the Local Government has been, is being, or is about to be used by such person, for the purpose for doing any act, or committing any offence, of the nature described in sub-section (1).

Service of
orders under sec-
tion 11.

12. An order made under sub-section (1) of section 11 shall be served on the person in respect of whom it is made in the manner provided in the Code for service of a summons, and upon such service such person shall be deemed to have had due notice thereof.

Power to arrest
without warrant.

13. (1) Any officer of Government authorised in this behalf by general or special order of the Local Government may arrest without warrant any person against whom a reasonable suspicion exists that he is a person in respect of whom an order might lawfully be made under sub-section (1) of section 11.

(2) Any officer exercising the power conferred by sub-section (1) may, at the time of making the arrest, search any place and seize any property which is, or is reasonably suspected of being, used by such person for the purpose of doing any act, or committing any offence, of the nature described in sub-section (1) of section 11.

(3) Any officer making an arrest under sub-section (1) shall forthwith report the fact to the Local Government, and may, by order in writing, commit any person so arrested to custody pending receipt of the orders of the Local Government and the Local Government may by general or special order specify the custody to which such person shall be committed:

Provided that no person shall be detained in custody under this section for a period exceeding fifteen days save under a special order of the Local Government, and no person shall in any case be detained in custody under this section for a period exceeding one month.

Enforcement of
orders.

14. (1) The Local Government and every officer of Government to whom any copy of any order made under section 11 has been directed or endorsed by or under the general or special authority of the Local Government may use any and every means necessary to enforce compliance with such order.

(2) Any officer exercising any of the powers conferred by section 13 may use any and every means necessary to the full exercise of such powers.

Penalty for
breach of order
under section 11.

15. Whoever, being a person in respect of whom an order has been made under sub-section (1) of section 11, knowingly disobeys any direction in such order, shall be punishable with imprisonment for a term which may extend to three years, and shall also be liable to fine.

Power of photo-
graphing, etc.,
persons in respect
of whom order has
been made under
section 11.

16. (1) Every person in respect of whom an order has been made under sub-section (1) of section 11 shall, if so directed by any officer authorised in this behalf by general or special order of the Local Government,—

- (a) permit himself to be photographed;
- (b) allow his finger impressions to be taken;
- (c) furnish such officer with specimens of his handwriting and signature;
- (d) attend at such times and places as such officer may direct for all or any of the foregoing purposes;

(2) If any person fails to comply with or attempts to avoid any direction given in accordance with the provisions of sub-section (1), he shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both. • •

Powers
search.

17. The power to issue search warrants conferred by section 98 of the Code shall be deemed to include a power to issue warrants authorising the search of any place in which any Magistrate mentioned in that section has reason to believe that any offence specified in the First Schedule has been, is being, or is about to be committed, and the seizure of anything found therein or thereon which the officer executing the warrant has reason to believe has been, is being, or is intended to be, used for the commission of any such offence; and the provisions of the Code, so far as they can be made applicable, shall apply to searches made under the authority of any warrant issued under this section, and to the disposal of any property seized in any such search; and an order for search issued by the Local Government under sub-section (2) of section 11 shall be deemed to be a search warrant issued by a Presidency Magistrate or the District Magistrate having jurisdiction in the place specified therein, and may be executed by the person to whom the order is addressed in the manner provided in this section.

Scrutiny of case
by two Judges.

18. (1) Within one month from the date of an order by the Local Government under sub-section (1) of section 11, the Local Government shall place before two persons, who shall be either Sessions Judges or Additional Sessions Judges having, in either case, exercised for at least five years the powers of a Sessions Judge, or Additional Sessions Judge, the material facts and circumstances in its possession on which the order has been based or which are relevant to the inquiry, together with any such facts and circumstances relating to the case which may have subsequently come into its possession, and a statement of the allegations against the person in respect of whom the order has been made and his answers to them, if furnished by him. The said Judges shall consider the said material facts and circumstances and the allegations and answers and shall report to the Local Government whether or not in their opinion there is lawful and sufficient cause for the order.

(2) On receipt of the said report, the Local Government shall consider the same and shall pass such order thereon as appears to the Local Government to be just or proper.

(3) Nothing in this section shall entitle any person against whom an order has been made under sub-section (1) of section 11 to attend in person or to appear by pleader in any matter connected with the reference to the said Judges, and the proceedings and report of the said Judges shall be confidential.

Power to suspend
operation of
orders under sec-
tion 11.

19. (1) When an order under sub-section (1) of section 11 has been made against a person, the Local Government may at any time, without conditions or upon any conditions which such person accepts, direct the suspension or cancellation of such order.

(2) If any condition on which an order has been suspended or cancelled is in the opinion of the Local Government not fulfilled, the Local Government may remove the suspension or cancellation, and thereupon the person in whose favour such suspension or cancellation was made may, if at large, be arrested by any police officer without warrant, and the order under sub-section (1) of section 11 shall be deemed to be in full force.

(3) If the conditions on which such suspension or cancellation has been made include the execution of a bond with or without sureties, the Local Government may at once proceed to recover the penalty of such bond.

(4) A Presidency Magistrate or Magistrate of the first class shall in default of payment of such penalty issue, on application made in this behalf by an officer of the Local Government specially empowered, a warrant for the attachment and sale of the moveable property belonging to the defaulter or his estate if he be dead. On the issue of such warrant the provisions of sub-sections (3) and (4) of section 514 of the Code shall apply to such recovery.

Visiting Committees

20. (1) The Local Government shall, by order in writing, appoint such persons as it thinks fit to constitute Visiting Committees for the purposes of this Act, and shall by rules prescribe the functions which these Committees shall exercise.

(2) Such rules shall provide for periodical visits to persons under restraint by reason of an order made under sub-section (1) of section 11.

(3) No person in respect of whom any such order has been made requiring him to notify his residence or change of residence or to report himself to the police or to abstain from any specified act, shall be deemed to be under restraint for the purpose of sub-section (2).

Allowances to persons under restraint and their dependants.

21. The Local Government shall make to every person, who is placed under restraint by reason of an order made under sub-section (1) of section 11, a monthly allowance for his support of such amount as is, in the opinion of the Local Government, adequate for the supply of his wants, and shall also make to his family, if any, and to such of his near relatives, if any, as are in the opinion of the Local Government dependent on him for support, an allowance for the supply of their wants suitable in the opinion of the Local Government to their rank in life.

Explanation.—In this section the expression “under restraint” has the same meaning as in section 20.

Power to make rules.

22. The Local Government may make rules providing for the procedure to be followed regarding the notification of residence and report to the police by persons in respect of whom orders have been made under section 11, and for the place and manner of custody of all persons arrested or committed to or detained in custody under this Act.

Publication of rules.

23. All rules made under this Act shall be published in the *Calcutta Gazette*, and on such publication shall have effect as if enacted in this Act.

Bar to suits, prosecutions and other legal proceedings.

24. No suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Effect of the Act.

25. Where, prior to the commencement of this Act, anything has been done, or any action has been taken under the provisions of the Bengal Criminal Law Amendment Ordinance, 1924, which thing or action might have been done or taken under the provisions herein enacted had this Act commenced on the 25th day of October, 1924, such thing or action shall be deemed to have been done or taken under the provisions of this Act, and every consequence which would have ensued if this Act had commenced as aforesaid, and such thing or action had been done or taken thereunder, shall thereupon ensue in all respects as if this Act had so commenced and such thing or action had been so done or taken.

Ord. I of 1924.

THE FIRST SCHEDULE.

(See sections 3 and 6.)

Any of the following offences, if in the opinion of the Local Government there are reasonable grounds for believing that

such offence has been committed by a member, or a person controlled or instigated by a member, of any association of which the objects or methods include the commission of any of such offences, namely :—

- (a) any offence punishable under any of the following sections of the Indian Penal Code, namely, sections 148, 302, 304, 326, 327, 329, 332, 333, 385, 386, 387, 392, 394, 395, 396, 397, 398, 399, 400, 401, 402, 431, 435, 436, 437, 438, 440, 454, 455, 457, 458, 459, 460 and 506 ; Act XLV of 1860
- (b) any offence under the Explosive Substances Act, 1908 ; VI of 1908.
- (c) any offence under the Indian Arms Act, 1878 ; XI of 1878.
- (d) any attempt or conspiracy to commit, or any abetment of, any of the above offences.

THE SECOND SCHEDULE.

(See section 11.)

- (1) Any offence punishable under any of the following sections of the Indian Penal Code, namely, sections 148, 302, 304, 326, 327, 329, 332, 333, 392, 394, 395, 396, 397, 398, 399, 400, 401, 402, 431, 435, 436, 437, 438, 440, 457 and 506. Act XLV of 1860.
- (2) Any attempt or conspiracy to commit, or any abetment of, any of the above offences.

L. GRAHAM,
Secretary to the Government of India.

Applications for the Fellowships should reach the undersigned not later than the 2nd May 1925.

J. C. GHOSH, *Registrar.*

SENATE HOUSE, the 2nd April 1925.

EDUCATION DEPARTMENT, BENGAL.**NOTIFICATION.****Post-Graduate Research Scholarships to be awarded in 1925.**

THREE Post-Graduate Scholarships will be awarded for the encouragement of original research to candidates who have high and special qualifications and appear to be likely to conduct original research with success. The value of each scholarship is Rs. 100 a month and each is tenable for a maximum period of three years.

2. Ordinarily one scholarship will be awarded annually to a student who proposes to carry on original research in scientific subjects, including such branches as natural and physical science, chemistry, mathematical science, etc., and another scholarship will similarly be awarded for research in literary subjects, including such branches as languages, comparative philology, palaeography, epigraphy, philosophy, history, archaeology, anthropology, etc., and the third scholarship will be awarded for research either in scientific or in literary subjects. No application for a research scholarship will be considered unless a candidate submits certificates showing that he has the capacity for undertaking the research proposed and a programme of work indicating a definite course of enquiry.

3. Election will be made in the first instance for one year only, with effect from 1st July 1925, but a scholarship may be renewed from year to year, up to the limit of three years, provided the scholar has throughout the year vigorously prosecuted original research in the subject selected by him.

4. Each candidate for a scholarship should submit his application, through the head of the institution in which he last studied, to the Director of Public Instruction, Bengal, on or before 10th May next, and must produce evidence of having passed from a college or other institution in Bengal the M.A. or M.Sc. examination of Calcutta or Dacca University or of having obtained some other equivalent or higher degree of either of these Universities in 1922 or 1923 or 1924. He must state as definitely as possible the subject or part of a subject in which he intends, if elected to a scholarship, to carry on his original investigation. He must also state the name of the institution in which he proposes to work with evidence that the authorities of the institution are able and willing to provide facilities for him, or if no institution is mentioned, the circumstances or conditions under which he proposes to work should be stated.

5. Applications for this year's scholarships should be submitted in prescribed forms which are obtainable from the Personal Assistant to the Director of Public Instruction, Bengal, Writers' Buildings, Calcutta.

LAND SALE NOTICE.

Advertisement of sale.

NOTICE is hereby given that only the proprietary right of the undermentioned plots of land, no longer required by Government, situated along the right and left side of S. S. Railway in the district of Pabna, will be put up to sale at 1 o'clock on the 8th June 1925, corresponding with the 25th Jaista 1332 B. S.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free (subject to the tenants' right having been restored to the tenants) to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it (and a regular conveyance will then be granted to the purchaser).

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

LAND SALE NOTICES.

Advertisement of sale.

NOTICE is hereby given that only the proprietary right of the undermentioned plots of land, no longer required by Government, situated along the right and left side of S. S. Railway in the district of Patna, will be put up to sale at 1 o'clock on the 8th June 1925, corresponding with the 25th Jaista 1332 B. S.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free (subject to the tenants' right having been restored to the tenants) to the highest bidders.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it (and a regular conveyance will then be granted to the purchaser).

APPENDIX C.

Advertisement of sale.

(See rule 161.)

NOTICE is hereby given that the proprietary right of Government as specified in the conditions of sale below to the undermentioned estate situate in the district of Midnapore will be put up to sale at the Midnapore Collectorate on 26th June 1925, corresponding with 12th Awar 1332 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of sale.

- 1st.—The estate is to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.
- 2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force ; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.
- 4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premium paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 4th March, 1925 :—

No. 2 OF 1925.

A Bill to amend the Succession Certificate Act, 1889.

WHEREAS it is expedient to afford protection to parties paying as well as debts to the representatives of deceased persons claims payable under policies of assurance effected on their lives ; it is hereby enacted as follows :—

Short title and commencement.

1. (1) This Act may be called the Succession Certificate (Amendment) Act, 192 .

(2) It shall come into force on the day of 192 .

Amendment of section 4, Act VII of 1889.

2. Sub-clauses (a) and (b) of sub-section (1) of section 4 of the principal Act are repealed and the following sub-clauses VII of 1889, shall be substituted therefor, namely :—

“(a) Pass a decree for payment of—

(1) any debt accrued or accruing due to a deceased person at the time of his death,

(2) any claim arising out of any policy of assurance effected on the life of the deceased whereby the moneys to be paid thereunder are expressed to be payable to his executors or administrators, to a person (other than an assignee of such debt or claim) claiming to be entitled to the effects of the deceased person or any part thereof, or

(b) proceed upon an application of a person claiming to be so entitled to execute against a debtor of the deceased a decree or order for the payment of his debt.”

Addition of words “debt” and “debts.”

3. The words “or claim” shall be inserted after the word “debt” and the words “or claims” after the word “debts” wherever the same occur in the principal Act, respectively.

VII of 1889.

STATEMENT OF OBJECTS AND REASONS.

The sole purpose of the Bill is to assist towards the speedy settlement of claims under policies for life assurance and to afford adequate security to Companies making payments. Expeditious settlement of claims is a matter of as much concern to the paying Companies as to claimants, but it is frequently obstructed by the failure on the part of claimants to adduce necessary proof of title. Under the terms of a policy the moneys are payable to the executors or administrators of the deceased and Companies accept the modified form of grant as constituted by a Succession Certificate as sufficiently complying with the condition. But cases occur with some frequency where Subordinate Courts refuse applications for certificates on the ground that they are unnecessary for the enforcement of claims for policy moneys. A Company is then placed in this position: that it has either to admit and pay the claim with the possible risk of being called upon to pay again to a future claimant, or decline to entertain the claim without production of a Grant or Certificate and in such case compel the claimant to institute a suit to establish his title. But as the policy of Companies is to avoid litigation except in an extreme case the practice is to accept the title of the claimant on such evidence as may be adduced in the nature of declarations and affidavits which in themselves are inconclusive and afford no actual security in the event of payment being subsequently proved to have been made erroneously. It will be seen then that Insurance Companies in the pursuit of their object to secure a speedy settlement of claims and in affording to claimants the greatest amount of assistance voluntarily expose themselves to risks which it would be admitted ought not properly to be undertaken by them, and it will be generally agreed that such a system should not be allowed to continue unless valid objections can be put forward against its abolition. So far as can be ascertained no such objection can be raised, and the Bill which is now introduced incorporates merely a simple measure whereby any claimant to policy moneys will be compelled to apply for a Succession Certificate in proof of his title. As already explained the difficulty which is experienced has arisen by reason of Subordinate Courts having held that a certificate is not necessary in certain cases. If a positive enactment is introduced specifically bringing claims under policies within the scope of the Act all uncertainty on this head will be eliminated; a certificate will issue as of course at a small cost to the claimant and the claim will be immediately settled.

It will be observed that the general form of the section has been somewhat altered and that an amendment has been inserted with regard to the provisions as to payment of a debt. The reason for this alteration is to be found in the uncertainty which has occasionally arisen in cases dealt with by Subordinate Courts by which it has been held that only debts which have become payable to the deceased at the time of his death fall within the category of debts to which the Act is applicable. The definition of a debt has been exhaustively discussed by the Calcutta High Court in the case reported in 13 Calcutta Weekly Notes, but it would seem that some inferior Courts are not disposed to follow the rulings in that case and the present is considered an opportune occasion to introduce an amendment which will obviate the possibility of future controversy on the point and will give effect to what was undoubtedly the intention of the principal Act. Both provisions are considered necessary as it is at any rate doubtful whether a claim under a policy falls within the category of debts—the contrary having been held in certain cases and, unless the enactment is made specifically applicable to claims under policies, an amendment on other lines must necessarily give rise to further litigation.

"36A. Every officer or servant, permanent or temporary, of a Cantonment Authority shall be deemed to be a public servant within the meaning of the Indian Penal Code, and in the definition of 'Legal remuneration' in section 161 of that Code the word 'Government' shall, for the purposes of this section, be deemed to include a Cantonment Authority".

XLV of 1860.

Insertion of new section 116A in Act II of 1924.

6. After section 116 of the said Act the following section shall be inserted, namely :—

Power to manage property.

"116A. A Cantonment Authority may, subject to any conditions imposed by the Governor General in Council, manage any property entrusted to its management by the Governor-General in Council on such terms as to the sharing of rents and profits accruing from such property as may be determined by rule made under section 280."

Amendment of section 126, Act II of 1924.

7. In section 126 of the said Act—

- (a) after the word "Authority" where it occurs for the first time the words "in a ruinous state or" shall be inserted;
- (b) after the word "enclosure" the words "a nuisance or" shall be inserted; and
- (c) after the words "owner thereof" the words "either to remove the same or" shall be inserted.

Amendment of section 176, Act I of 1924.

8. In sub-section (2) of section 176 of the said Act, for the words "Commanding Officer of that cantonment" the words "Officer Commanding the station" shall be substituted.

Amendment of sections 218 and 233, Act II of 1924.

9. In sections 218 and 233 of the said Act, for the words "Military Works," wherever they occur, the words "Military Engineer" shall be substituted.

Amendment of sections 235 and 237, Act II of 1924.

10. In sections 235 and 237 of the said Act, for the words "Commanding Officer of a cantonment" the words "Officer Commanding the station" shall be substituted.

Amendment of section 272, Act II of 1924.

11. In section 272 of the said Act, for the words "Commanding Officer of a cantonment" the words "Officer Commanding a station" shall be substituted.

Amendment of section 280, Act II of 1924.

12. After clause (b) of sub-section (2) of section 280 of the said Act, the following clause shall be inserted, namely:—

"(bb) the allotment to a Cantonment Authority of a share of the rents and profits accruing from property entrusted to its management under the provisions of section 116A;"

Amendment of Schedule V, Act II of 1924.

13. In Schedule V to the said Act, in the entry in the second column against section 176, for the words "Commanding Officer of cantonment" the words "Officer Commanding the station" shall be substituted.

Substitution of title "Officer Commanding the station".

14. In the said Act for the words "Commanding Officer of the cantonment", wherever they occur, the words "Officer Commanding the station" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The purpose of the Bill is to remove certain minor defects which have come to light in the first year's working of the Cantonments Act, 1924. The nature of each proposed amendment is briefly explained below.

Clause 2 (a) and clause 9.—These amendments are necessary to bring the wording of the Act into line with the revised designation of the service.

Clause 2 (b).—It does not appear to be necessary to require the previous sanction of the Governor-General in Council in these cases.

Clause 3.—The object of the proposed amendment is to make it clear that the nomination of military officers to a Cantonment Board should be by name. The word "appointment" in section 14 (1) (f) is not correctly used as no appointment is made of *ex officio* members. The use of the word in section 14 (2) is further unnecessary.

Clause 4.—It was intended that "a Magistrate of the first class" referred to in section 14 (1) (b) should be either an honorary or a stipendiary Magistrate, and that a stipendiary Magistrate should not be qualified for election to a Cantonment Board; but under section 28 (2) (c) a stipendiary Magistrate cannot be nominated. The section has been amended to allow of the nomination but not of the election of the stipendiary Magistrate.

Clause 5.—It is considered necessary in the interest of discipline and for the proper control of cantonment servants to provide that a cantonment servant shall be deemed to be a public servant for the purpose of the Indian Penal Code.

Clauses 6 and 12.—Cantonment Boards derive a substantial portion of their income from the management of Government lands in cantonments. But as this does not fall within the statutory powers of a Cantonment Authority as so far defined under the Act, it is now proposed to make the necessary provision.

Clause 7.—The object of this amendment is to empower the Cantonment Authority to compel the removal of ruinous buildings in cantonments by their owners. Similar provisions are contained in many municipal Acts.

Clauses 8, 10, 11, 13 and 14.—General amendments.—The military officer in command of the troops in a cantonment is designated the "Officer Commanding the station," whereas the same officer is described in the Cantonments Act as the Commanding Officer of the cantonment. The object of the proposed amendments is merely to obtain uniformity in nomenclature.

3. After Item No. 40 the following item shall be inserted, namely:—
" 40A | MOTOR SPIRIT | Imperial gallon | Four annas."
4. Item No. 47 and the heading thereto shall be omitted.
5. In Item No. 51, after the figures "15, 16" the figures and letter "51B" shall be inserted.
6. After Item No. 51A the following item shall be inserted, namely :—
" 51B | HEALDS, HEALD CORDS, HEALD KNITTING NEEDLES, REEDS and SHUTTLES."
7. In item No. 75, after the figures "40" the figures and letter "40A" shall be inserted.
8. In Item No. 96, for the word and figures "and 18" the figures and word "18 and 51B" shall be substituted.

(ii) for every rupee of the next fifty thousand rupees of such excess	Two annas in the rupee.
(iii) for every rupee of the next fifty thousand rupees of such excess	Two and a half annas in the rupee.
(iv) for every rupee of the next fifty thousand rupees of such excess	Three annas in the rupee.
(v) for every rupee of the next fifty thousand rupees of such excess	Three and a half annas in the rupee.
(vi) for every rupee of the next fifty thousand rupees of such excess	Four annas in the rupee.
(vii) for every rupee of the next fifty thousand rupees of such excess	Four and a half annas in the rupee.
(viii) for every rupee of the next fifty thousand rupees of such excess	Five annas in the rupee.
(ix) for every rupee of the next fifty thousand rupees of such excess	Five and a half annas in the rupee.
(x) for every rupee of the remainder of the excess ...	Six annas in the rupee.

STATEMENT OF OBJECTS AND REASONS.

1. The object of this Bill is to continue certain provisions of the Indian Finance Act, 1924, which would otherwise cease to have effect from the 1st April, 1925, and to give effect to certain minor amendments in the tariff.

2. Clauses 2, 4 and 7 provide for the continuance of the rates of salt duty, postage income-tax and super-tax prescribed by the Indian Finance Act, 1924, while clause 6 provides for the credit to revenue for a further period of one year, *i.e.*, till the 31st March, 1926, of interest on securities forming part of the Paper Currency Reserve.

3. Clauses 3 and 5 give effect to certain minor amendments which it is proposed to make in the tariff. The changes are not important from the revenue point of view and are as follows:—

- (i) The 2½ per cent. import duty on grain and pulse is removed in accordance with the recommendations of the Fiscal Commission. Import of these articles is negligible in normal times and the duty is suspended in times of scarcity.
- (ii) At present motor spirit produced in India is subject to an excise of 6 annas a gallon and imported motor spirit to a duty of 8½ annas a gallon. Imports are extremely small and in order to cheapen motor spirit, it is proposed to reduce the excise duty to 4 annas a gallon on petrol produced in the country and to levy merely a customs duty on imported motor spirit at the same rate, *viz.*, 4 annas a gallon.
- (iii) Certain articles such as heads, reeds, shuttles, etc., can be used as component parts either of power looms or hand looms and are therefore assessable to duty under the higher rate, *i.e.*, as component parts of hand looms. Their chief use, however, is in power looms. It is proposed to amend the Schedule so as to make it clear that the duty to be levied on these articles is the same as that on other component parts of power machinery, namely 2½ per cent.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 5th March, 1925 :—

NO. 23 OF 1925.

A Bill further to amend the Indian Income-tax Act, 1922.

WHEREAS it is expedient further to amend the Indian Income-tax Act, 1922, for the purpose hereinafter appearing; XI of 1922.
It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Income-tax (Second Amendment) Act, 1925.

Amendment of
section 18, Act XI
of 1922.

2. In section 18 of the Indian Income-tax Act, 1922, after sub-section (2) the following sub-section shall be inserted, namely :— XI of 1922.

“(2A.) Notwithstanding anything hereinbefore contained, for the purpose of making the deduction under sub-section (2), there shall be included in the amount payable any income chargeable under the head ‘Salaries’ which is payable to the assessee out of India by or on behalf of Government, and the value in rupees of such income shall be calculated at the prescribed rate of exchange.”

STATEMENT OF OBJECTS AND REASONS.

Under the Superior Civil Services (Revision of Pay and Pension) Rules, 1924, dated December 9, 1924, made by the Secretary of State for India in Council, under section 96 B (2), (3) of the Government of India Act, overseas pay is drawn by certain officers, in sterling, from the High Commissioner for India in London. Under the Indian Income-tax Act this overseas pay is liable to Indian Income-tax; but as the Indian Income-tax Act is not enforceable outside India, there is no legal obligation either on the High Commissioner to deduct the income-tax at the time of payment of the overseas pay or on the person entitled to the overseas pay to submit to such deduction. Nor can any authority in India, as the law stands at present, recover the income-tax every month by deduction as the overseas pay is paid. The only course therefore open to the Income-tax Department under the Act is to recover the tax on the overseas pay at the time of assessing the officer in the next year. For reasons of administrative convenience it is considered that the income-tax on such overseas pay should be collected every month by the authority in India which pays the officer the rest of his pay, and this Bill is intended to give effect to this arrangement.

NOTIFICATION.

Delhi, the 6th March, 1925.

No. F-82-I.—25-A. C.—Under Rule 18 of the Indian Legislative Rules the Governor-General has been pleased to order the publication in the Gazette of India of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and Statement of Objects and Reasons are accordingly published for general information :—

BILL NO. 24 OF 1925.

A Bill further to amend the Indian Stamp Act, 1899.

WHEREAS it is expedient further to amend the Indian Stamp Act, 1899, for the purpose hereinafter appearing ; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Indian Stamp (Amendment) Act, 1925.

Amendment of
Schedule I, Act II
of 1899.

2. In article No. 47 in Schedule I to the Indian Stamp Act, 1899, after Division C, the following Division shall be inserted, namely :—

"CC.—INSURANCE BY WAY OF INDEMNITY against liability to pay damages on account of accidents to workmen employed by or under the insurer or against liability to pay compensation under the Workmen's Compensation Act, 1923, for every Rs. 100 or part thereof payable as premium One anna."

STATEMENT OF OBJECTS AND REASONS.

Before the Workmen's Compensation Act, 1923 (VIII of 1923), was brought into force it was noted that insurance policies to cover workmen's compensation would be liable to duty under No. 47-D of Schedule I of the Stamp Act, 1899 (II of 1899), and that the sum insured being the maximum possible amount of compensation payable under the policy, namely, Rs. 3,500 for each workman, the sum payable in the case of permanent disablement, the stamp duty payable on such a policy under Item 47-D would be so high as entirely to prohibit insurance, namely, Re 1-8 per workman. After consulting Local Governments it was decided, as an emergency measure which could be carried through before the date when the Workmen's Compensation Act came into force, to reduce the stamp duty chargeable on such policies by the use of the powers conferred upon the Governor-General in Council by clause (a) of section 9 of the Indian Stamp Act, 1899, and Notification No. 2645 of the Government of India in the Finance Department (Central Revenues) was issued on the 26th of June 1924 reducing the stamp duty to one-tenth per cent. of the premium payable.

2. After the issue of that notification, a communication was received from one Local Government supporting a proposal that the stamp duty should be fixed at a uniform rate of eight annas for each policy, irrespective of the number of workmen covered, with the alternative suggestion that, if a scale had been definitely decided upon, the rate ought certainly not to be more than one anna for every Rs. 100 of premium. The Government of India again consulted all Local Governments themselves expressing a preference for a scale on the grounds: firstly, that it might provide for an even smaller fee than eight annas in the case of a policy covering the workers in a small factory; and secondly, that there was no obvious reason why the duty should be the same in the case of a small factory and in that of a large one, since it was the owners of small factories who needed to be encouraged to insure. All Local Governments have agreed to the proposal that the rate should be fixed at one anna for every Rs. 100 of premium paid, and the object of the present Bill is to give effect to this agreement. The rate proposed is appreciably less than that now in force under the notification quoted above.

RESOLUTION ON THE REPORTS FROM THE COMMISSIONERS OF DIVISIONS ON THE WORKING OF MUNICIPALITIES IN THE BENGAL PRESIDENCY (EXCEPT CALCUTTA) DURING THE YEAR 1923-24.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 14TH APRIL 1925.

RESOLUTION No. 1277M.

Reports from the Commissioners of Divisions on the working of municipalities in the Bengal Presidency (except Calcutta) during the year 1923-24.

1. Number of municipalities.—The 117 to 118 owing to the establishment, number of municipalities increased from with effect from 1st October 1923, of a

municipality at Gaibandha in the district of Rangpur. The area of the Pirojpur municipality in Bakerganj was reduced from eleven to eight square miles by the exclusion of eight villages which are more rural than urban.

2. Elections.—General elections were held in 19 municipalities and were hotly contested in the majority of cases. The percentage of attendance of voters in the elections was high in many cases: in the small town of Kalna about 75 per cent. of voters were present at the polling stations. These contests, while indicating that keener interest is being taken in elections generally, may to a certain extent be attributed to the excitement caused by the Swarajist attempts to capture the local bodies. In Champdany two of the defeated candidates instituted civil suits for setting aside the elections of Wards II and III. The cases are still pending. A civil suit in connection with the general election of Ward VII of the Dacca municipality, held in 1921-22, which was pending before the High Court, was dismissed and fresh elections for the two seats were held after the close of the year. Pending the High Court's decision of the civil suit in connection with the election of Wards II and III of the Maniktola municipality, which was held in 1919-20, the new Board could not be formed for the last three years. This case illustrates the pressing need for the speedy disposal of election disputes by special tribunals. It is hoped that the provisions for such tribunals made in the new Municipal Bill, which was introduced into the Bengal Legislative Council in August last, will, when adopted, remedy the present state of affairs.

3. Meetings.—Altogether 136 meetings or on the average, one in every 18 failed for want of a quorum. The failure was most marked in Jainagar where nine out of 17 meetings were adjourned and three proved abortive. At Suri and Murshidabad more than half, and at Kotchandpur nearly half, the number of meetings held was unsuccessful. The small municipality of Panihati held the largest number of meetings, *viz.*, 79, but this is due to the fact that many special meetings were held at the same sitting, the subject matters for which could have been disposed of in

general meetings. The Commissioners of Kanchrapara, Garulia, Taki, Ranaghat, Dainhat and Khirpai failed to meet once a month. It is reported that the statement made in the resolution for the preceding year that 14 meetings held by the Birnagar municipality in 1922-23 failed was not correct. The attendance of Commissioners was on the whole fair, but it was very poor at Budge-Budge.

4. Rate-payers and voters.—The total number of rate-payers rose from 328,789 to 333,429 or 15·3 per cent. of the total population. The ratio varied from 35·4 in Kumarkhali to 8·1 per cent. in Titagarh, a mill town with a large cooly population. Other towns in which rates are paid by less than one-tenth of the people are the hill stations of Darjeeling and Kurseong and the several riparian mill municipalities, including Naryanganj—a town with a floating population of factory operatives living with their employers. There was an appreciable increase in the number of rate-payers at Panihati, Baranagar, Cossipore-Chitpur, Bhatpara, Garden Reach, Halisahar, Khulna and Debbhatta, but no explanation of the increase has been given except in the case of Baranagar where it was due to natural growth in the population.

5. Assessment and taxation.—The average incidence of taxation per head of population rose from Rs. 2-14-0 to Rs. 2-15-3. It is highest in the hill municipalities of Darjeeling (Rs. 10-0-9) and Kurseong (Rs. 8-4-10). Next come Howrah (Rs. 7-12-3), Cossipore-Chitpur (Rs. 7-11-4) and Chittagong (Rs. 5-5-5): in the last-named town the increase is due to general revision of assessment. In three other municipalities, *viz.*, Narainganj, Burdwan and Maniktola the ratio was above Rs. 4, while it is as low as 6 annas and 6 pies in Debbhatta and a little over 8 annas in Bajitpur and Ramjibanpur. Generally speaking, the incidence of municipal taxation in the Presidency, as compared with English standards, is extremely low and unless the rate of taxation is raised no great amelioration of the conditions of life can be effected.

A general or partial revision of assessment was made in 31 municipalities while the revision made in the previous year took effect in six other towns. The revision produced an increase of Rs. 5

lakhs in the municipal demand of the Presidency as a whole. The largest increase was obtained in Dacca (Re. 1 lakh); then come Chittagong with an increase of Rs. 31,956; Baranagar, Rs. 24,462; Serampore, Rs. 17,381; and Berhampore, Rs. 16,727. In Barisal the rate of "Tax on persons" was raised from 14 annas to Re. 1 per hundred rupees of annual income and the latrine rate from 8 to 9 per cent. on the annual value of holdings; on the other hand the water rate was lowered from 6 to 5 per cent. As a result, the demand of the municipality increased by about Rs. 7,000 per annum.

6. **Collections.**—The total collections for the Presidency as a whole increased from Rs. 61½ lakhs to Rs. 62½ lakhs, but the percentage on the current demand fell from 95·2 to 89·9, the lowest ratio (54·04) being returned by Rajbari, where the Municipal Commissioners refrained from adopting stringent measures for the realization of taxes, as these had been newly imposed. In 23 municipalities the collections were equal to or in excess of the current demand and in 11 they were over 99 per cent. On the other hand, in seven municipalities, the ratio was under 80 per cent.—a deplorably low figure—falling as low as 67·2 per cent. in Dacca. The poor collections in Dacca and, in consequence, the heavy outstanding balance are ascribed to a widespread and unscrupulous agitation headed unfortunately by three Commissioners against the revision of assessment. As in the previous years, Garulia and Nalchiti collected cent. per cent. of the demand without any remission. Champdany and Titagarh also collected practically the whole demand, granting only ·2 and 1·1 per cent. remission.

The percentage of remissions on the current demand for the Presidency as a whole rose from 3·6 to 4·1. The small municipality of Baduria remitted nearly one-fifth of its current demand which amounts to only Rs. 7,847, while five others, viz., Bankura, Rajpur, Baraset, Nabadwip and Sirajgang remitted more than 10 per cent. The high remission in Bankura (14·58 per cent.) was due to the failure to realize, even by civil suits, long outstanding arrears which exceeded half the current demand. No explanation has been given for the high percent-

The balances outstanding at the close of the year rose from Rs. 9,88,037 to Rs. 14 lakhs of which Howrah alone was responsible for nearly Rs. 6 lakhs. The large accumulation in Howrah is mainly due to the delay in the disposal of appeals against the revision of assessment in two of the largest tax paying wards and to the non-payment of Rs. 42,000 due from the East Indian Railway. Other municipalities which had unduly large balances outstanding were Cossipore-Chitpore, Tollygunge, Garden Reach, Dacca, Mymensingh, Chittagong, Bally, Serampore and Hooghly-Chinsurah. In the case of the first-named municipality the balance represents only 9·6 per cent. of its current demand. The balance in Tollygunge was due to long outstanding arrears, a part of which is irrecoverable and to non-payment of taxes by the Eastern Bengal Railway. The greater portion of the unrealized balance in Garden Reach was due from the Port Commissioners who withheld payments on account of a dispute over conservancy work. The arrears in Chittagong are partly due to the non-disposal of appeals made by the Assam Bengal Railway against the revision of assessment. In Mymensingh a fire in the Tax Daroga's office destroyed his books and the collections remained at a standstill till the end of the year. In other cases no satisfactory explanations have been furnished but generally they are due to laxity in collections and the neglect of the municipal executive to enforce punctual payments, quarter by quarter, by means of a regular and impartial issue of warrants.

7. **Income and expenditure.**—The aggregate receipts, including opening balances, rose from Rs. 1,12,83,825 to Rs. 1,14,86,449, the income from rates and taxes and from the sale-proceeds of Government Securities rising by nearly Rs. 3 lakhs and that from loans by nearly Rs. 1½ lakh. Expenditure also rose from Rs. 94,44,329 to Rs. 96,07,218, the largest increase, viz., Rs. 2½ lakhs occurring under the head "Public Health and Convenience".

8. **Closing balance.**—The total balance at the close of the year amounted to Rs. 18,79,231 as against Rs. 18,39,496; the largest being held by Howrah (Rs. 3,94,568), Darjeeling (Rs. 1,55,502) and Garden Reach (Rs. 1,52,260). No

large balance in Howrah except that it includes the unspent balance of the loan of Rs. 2,50,000 taken from Government for the improvement of water-supply. In the case of Garden Reach the major portion represents funds for the improvement of water-supply and in the case of Darjeeling it is mainly due to some of the sanctioned work having been put off owing to difficulty in procuring materials. On the other hand, a number of municipalities failed to keep adequate working balances, and in several cases they were insufficient to meet outstanding liabilities. In the case of Jessore, Hooghly-Chinsurah, Katwa, Raniganj, Faridpur, Rajbari, Pabna and Sirajganj the outstanding liabilities largely exceeded the closing balances. The worst offenders in this respect were English Bazar and Baraset which had outstanding liabilities of Rs. 1,342 and Rs. 2,179, respectively, against the actual balance of Rs. 97 and 205 only and Mymensingh which closed the year with a sum of Rs. 3,027 only in hand but with liabilities exceeding Rs. 30,000.

9. **Education.**—The amount spent on education, including the Government grant of Rs. 72,479 was Rs. 3,20,929 as against Rs. 3,56,200 in the preceding year. The expenditure on primary education also showed a corresponding fall of about Rs. 1,000. The decrease was most marked in Darjeeling and was due to the fact that in 1922-23 there was an extraordinary Capital expenditure of Rs. 20,363 on the boys' primary school. Twenty-one municipalities or one in six failed to spend on primary education 3·2 per cent. of their ordinary income—the percentage which is taken to represent the amount required for the education of half the number of boys of primary school-going age. On the other hand, the percentage was over 5 per cent. in 47 municipalities and over 10 per cent. in ten.

The South Suburban municipality started another free primary school under the scheme drawn up by Mr. E. E. Biss in addition to the two opened in March 1922.

The Commissioners of the Madaripur municipality also are very anxious to give full effect to Mr. Biss' scheme; they have converted the local Middle English School into a free primary school and

established two other free primary schools during the year. Berhampore decided to impose an education cess of one per cent. for the introduction of a free primary education on a voluntary basis and to establish five schools in different wards. A Hindu Girls' School was started by the Raniganj municipality while an expenditure of Rs. 1,456 was incurred by the Kotchandpur municipality in constructing a free primary school building at Solemanpur.

10. **Water-supply.**—The total number of water-works in operation in municipalities was 38. The number of persons served was 1,011,520 and the total quantity supplied was 10,821,793 gallons per day. The erection of the new machinery for the improvement of Burdwan water-works was started and one set of pumps and engines was almost completed. The Midnapore water-supply scheme could not be completed during the year on account of the failure of the cement pipes supplied by the Hume Pipe & Co. These pipes could not stand the pressure of water and had to be replaced by cast iron pipes. This involved an additional outlay of Rs. 82,000 towards which Government made a special grant of Rs. 50,000 and the District Board Rs. 30,000, the municipality receiving a donation of Rs. 20,000 from the local people. At present a supply of 20,000 gallons per day is given to the town through street stand-posts. The Bankura water-supply scheme could not be completed as the well sunk to a depth of 17 feet which was expected to yield water of the quality required ended in hard rock and proved a failure. This necessitated an alteration of the scheme involving an additional outlay of Rs. 11,146 which was sanctioned by Government.

A scheme for the extension of water-supply to Chatra and Mahesh wards of the Serampore municipality was approved at an estimated cost of Rs. 1,75,000, towards which Government made a grant of Rs. 58,333 and promised a loan of Rs. 60,000. The pumping station of the Raniganj water-works and the Superintendent's quarters were almost completed but the scheme could not be fully executed for want of funds. The supply of water at Dacca was improved by connecting up the second elevated reservoir and extending the street mains, but it is reported that the present supply of water, viz., 12·1 gallons per head of population,

is not sufficient. There was some extension of water pipes and street hydrants in Mymensingh. But the water-works plant is being subjected to a dangerous strain owing to the fact that an excessive number of house connections was granted in the past without meters being affixed. This has resulted in a waste of water to such an extent that the supply may break down at any moment. Although the seriousness of the position has been impressed upon the Municipal Commissioners more than once, no steps have been taken to remedy the present state of affairs. It may prove necessary to require the adoption of the model rules for house connections which make the meters compulsory. A separate line of pipes was laid by the Kurseong Municipality for the supply of water to Bhagatbir *buster*. Appreciable progress was made with the Comilla water-works towards which Government contributed Rs. 1 lakh. The improvement of the Chittagong water works, towards which Government promised a grant of Rs. 50,000, was under the consideration of the Municipal Commissioners; their proposal to increase the number of water connections in anticipation of the improvement not having been accepted by Government. A scheme for the supply of water to the northern section of Chandpur at an estimated cost of Rs. 92,000 was under the consideration of the Sanitary Board. The management of the Berhampore water-works was taken over by the Public Health Department from the 17th January 1924. As usual, the suburban municipalities of Cossipore, Chitpur, Maniktola, Tollugunge, South Suburban and Garden Reach were supplied with water from the Calcutta mains, while several other municipalities in the Presidency Division got their supply from the local mill filters. A project for water-supply of the Bhatpara municipality is under the consideration of Government.

In certain municipalities the water-supply is obtained from tanks. In Noakhali, where the majority of the people obtain water from the Public Works Department tank at Sonarpur by pipes, the private tanks were re-excavated and embanked for protection from the salt water.

It is gratifying to notice that the suggestion made in the two previous years

should undertake water-supply schemes based on tube wells received the approval of several municipalities. The small municipality of Baruipur has already got 24 tube wells which have proved very successful. Tollygunge has sunk two such wells to supplement the supply available from the Calcutta mains and have proposals in hand to extend this policy. Basirhat has also made a start in this direction and has recently sunk two tube wells.

The Eastern Bengal Railway authorities supply filtered water to portions of Wards I, II and III of the Kanchrapara municipality and the Municipal Commissioners expect to arrange for an independent supply to the remaining area through tube wells.

In view of the possible removal of the Dum-Dum Cantonment, the Commissioners of the South Dum-Dum municipality, who get a partial supply from the Cantonment, have under their consideration the question of starting a tube well scheme. Owing to the lack of funds, North Dum-Dum, North Barrackpore and Panihati municipalities made no progress with their schemes for the supply of water through tube wells.

The Chairman of the Baruipore municipality states that "there was no epidemic disease of any kind within the municipality and this, it is believed, was owing to the use of tube well water."

11. Conservancy and drainage.—The conservancy charges which rose from Rs. 21 lakhs to more than Rs. 22 lakhs were about Rs. 5½ lakhs in excess of the receipts from latrine fees.

The sewerage pumping station of Dacca was opened in September last; it now serves a considerable part of the town. The work in connection with the Titagarh sewerage scheme is progressing slowly. The Naihati and Krishnagar schemes have been kept in abeyance for want of funds while those for Bhatpara and Kamarhati were under the consideration of Government. It is reported that the sewerage of the Kurseong municipality, which has been in operation for the last three years, has not proved satisfactory, the septic tanks forming breeding places for mosquitoes.

In Rajshahi silt was cleared from a big flushing drain and several *pucca* cross drains were repaired. Minor drainage works were also carried out in several other towns. These were generally confined to construction and repair of drains.

12. Public Health.—It is a good sign that for the past few years almost all municipalities have been taking measures to improve sanitation by filling up, clearing or disinfecting insanitary tanks, ditches and *dobas* and by removing jungles and obnoxious vegetation. In Kalna several unsightly and jungle-covered plots of land on the outskirts of the town have been leased by the local merchants for the establishment of rice mills. The clearing and levelling of lands which were rendered necessary for this purpose have had a salutary effect on the sanitation and public health of the town. In Bansberia also much improvement was effected by a similar process, the American Manufacturing Co. having cleared a large jungly tract for their work. A thickly congested *bustee* adjoining the local bazar at Khulna was improved by opening new roads and *pucca* drains. Other municipalities might follow these examples, for as a rule, little is done in the way of town planning and improvement. By-laws were framed by certain municipalities for the eradication of water-hyacinth.

In many municipalities notices were issued on owners of insanitary tanks or those with water-hyacinth requiring them to have their tanks cleansed, filled up or re-excavated as the case might be. Notices were also issued to owners or occupiers of private lands to clear jungles and rank vegetation. In the majority of cases the notices were complied with without prosecution. Where they were disregarded, the municipality had either to prosecute or to do the work itself, retaining possession of the tank for the recovery of costs. In Midnapore alone 60 owners of unwholesome tanks were served with notices and in 14 cases the owners were prosecuted.

Preventive measures were taken by a large number of municipalities to check the spread of epidemics. Medicines and disinfectants were freely distributed, tanks were reserved and special doctors appointed, where necessary. Cholera

and small-pox broke out in several municipalities in the district of the 24-Parganas and elsewhere. People were warned against using the water of suspected tanks and wells, and inoculation with cholera vaccines was freely resorted to in some towns. At Bhatpara, where 70 deaths occurred from cholera, Genozon was supplied free and Dr. Tomo's cholera mixture given with good results. At Bankura, Sanitary Inspectors attended the railway station and prevented suspected persons from entering the town. Some of the municipalities arranged lantern lectures and distributed health leaflets for the purpose of educating the people on sanitation and public health. In Asansol the Mines Board of Health carried on propaganda in public health.

Free vaccination was provided by many municipalities and effective measures were taken to secure the vaccination and revaccination of children. Vaccination depôts were opened and permanent vaccinators were employed by some municipalities for the purpose. There were some prosecutions under the Vaccination Act in Bhatpara, Kamarhati, Baranagar, Mymensingh and Chittagong.

The Bhatpara municipality granted a reward of one anna to all persons giving information of births and deaths. This example might be followed by others, in view of the fact that registration in many towns is still very defective.

Malaria and kala-azar were prevalent in some municipalities. It is reported that the local anti-malarial and kala-azar societies, where they exist, did useful work in co-operation with municipalities in combating these diseases. Quinine and cinchona febrifuge were freely distributed by many municipalities. In Dacca a survey of the prevalence of kala-azar and malaria was partially carried in Ward No. VII and three centres were established for the free treatment of kala-azar. Several fatal cases of black water fever occurred in Dinajpur.

As in the previous year there were no Health Officers in Barisal and Chittagong. The latter municipality has since decided to appoint one.

A gratifying feature of the year under review is the increasing interest displayed by some municipalities in examining

foodstuffs offered for sale to the public. In Dacca 122 samples of different kinds of foodstuffs were analysed and 28 per cent. of them were found to be adulterated. All the parties concerned were prosecuted under the Bengal Food Adulteration Act. The municipalities of Baranagar, Bhatpara and Khulna instituted a number of prosecutions under the same Act, all of which resulted in conviction, while two prosecutions for adulteration of ghee were started in Berhampore under Section 251 of the Bengal Municipal Act and ended in conviction. On the other hand, a prosecution for the importation of 239 tins of highly adulterated ghee worth about Rs. 10,000 failed in Burdwan on the technical ground that it is the Municipal Commissioners and not the Chairman who can sanction prosecution under the Bengal Food Adulteration Act. As the quality of ghee was found on analysis to be thoroughly poisonous, the Chairman moved the Municipal Commissioners for the revival of the prosecution but the majority of them decided not to proceed further with the matter. This demonstrates the need for vesting the Chairman with powers for starting prosecution under the Food Adulteration Act; the new Bengal Municipal Bill contains a provision of this kind.

13. Public works.—The amount spent on public works rose from Rs. 10,75,420 to Rs. 12,05,539, the largest increase occurring under the head "Roads". The increase was most marked in the Presidency Division. It is reported that more expenditure is needed on roads in Chittagong.

The percentage of outlay on public works to the total expenditure varied from 1·2 in Bhola to 41·3 in Champdani.

14. Loans.—Altogether 43 municipalities were in debt to Government at the end of the year, their total liabilities amounting to nearly Rs. 39 lakhs. Howrah took a loan of Rs. 2,50,000 for the improvement of water-supply and Sherpur in the district of Mymensingh Rs. 10,000 for the construction of its office building, while Dinajpur and Rajbari fully redeemed their loans. The latter, however, still owes to Government Rs. 1,400 which was taken as an advance. The loan of Rs. 1,000 raised by the Santipur municipality in the open market was

liquidated in full. A sum of Rs. 1,435, being the unspent balance of a loan taken by the Katwa municipality for its drainage scheme was illegally appropriated towards general expenditure. The Municipal Commissioners have lately been asked to refund the amount to Government at an early date.

15. Audit of accounts and embezzlement.—The accounts of almost all municipalities were audited. The audit discloses a very unsatisfactory condition of affairs in the Baraset municipality. There have been embezzlements by the collecting sarkar and the accountant, the preparation of which was facilitated by the laxity of the municipal executive. A report has been called for from the municipality. Embezzlements or misappropriation of municipal money also occurred in Gobardanga, Satkhira, Mymensingh and Jamalpur. The amounts misappropriated in the first two named municipalities were, however, recovered from the culprits and the officers concerned were dismissed. In the case of Mymensingh and Jamalpur the culprits were criminally prosecuted; their cases are still pending. In Krishnagar a case of double payment of Rs. 229 made to a contractor was detected and the contractor was criminally prosecuted. The case is now *sub judice*. The accountant who passed the bills was punished departmentally. Government have recently received a proof copy of the Examiner of Local Accounts consolidated audit report for the Presidency which is published for the first time in the current year. This Report deals in a lively and interesting manner with the dry bones of municipal finance and very clearly characterizes the defects which are only far too common.

16. General remarks—Burdwan Division: Howrah.—The ordinary income of the municipality increased from Rs. 15·92 lakhs to Rs. 16·99 lakhs. The increase is mainly due to the revision of assessment in Wards IV and VIII, to which effect was given during the year under review. Expenditure also rose from Rs. 14 lakhs to Rs. 15·88 lakhs mainly on account of increased outlay under the heads Water-supply, drainage, conservancy and roads and of the payment of arrear bills of the Calcutta Electric Supply Corporation. The current demand of the municipality increased from Rs. 16·70 lakhs to Rs. 17·77 lakhs and about Rs. 2 lakhs of arrear

collections were realised during the year. The collection and assessment departments were reorganized and additional staff sanctioned.

As in previous years, the work of conservancy was done by Ward Committees. The question of the disposal of street sweepings in this town is a difficult one. It is reported that the present system of using them for filling up tanks cannot continue long and a scheme for an incinerator has been prepared. The length of roads watered daily increased from 26 miles to 30 miles.

A sum of Rs. 21,000 was spent on education. Five primary schools have been taken over by the municipality and education has been made free. The Municipal Commissioners have also decided to establish a free primary school in the northern part of the town where there was none.

The birth-rate of the town was 23·5 per mille against 25·48, while the total number of deaths was 5,801 against 5,356 in the preceding year. The increase was not, however, due to ravages of epidemic diseases.

The Commissioner of the Division remarks that the Chairman of the Burdwan municipality continued to take keen interest in the administration of the town. The water-works of the town require thorough renovation, but the Municipal Commissioners are unable to finance any loan. A small beginning has been made towards tackling the problem of kala-azar by the opening of a kala-azar dispensary, but the old enemy, malaria, has been allowed to continue its ravages practically unchecked. It is satisfactory, however, to note that systematic anti-malarial work on the lines advocated by Dr. G. C. Chatterji has lately been taken up in co-operation with the district and railway authorities. The influx of kala-azar patients to Kalna has decreased, as centres for the treatment of the disease have been opened in different parts of the subdivision, but malaria has increased. Anti-Malarial Society has lately been formed. The recent severe outbreak of cholera in Katwa has demonstrated the imperative necessity for a filtered water-supply, and the municipal Commissioners propose to construct two tube wells. Street lighting arrangements in the town were inadequate, few of the roads were repaired and the Sanitary Inspector was discharged. The greatest need of Asansol

—a growing industrial centre—is an adequate and up-to-date water-supply. At present the people obtain water from a few scattered wells, all of which dry up in the hot weather. Several schemes for water-works were formulated at different times, but have been abandoned as too costly. A proposal for a joint scheme with the East Indian Railway for bringing filtered water from the Barakar river is now under consideration. Conservancy presents peculiar difficulties in this town, as exceptionally high rates are demanded by the sweepers on account of the vicinity of extensive collieries and of the East Indian Railway settlement. The condition of the three municipalities in the district of Bankura is not very satisfactory: roads are not well maintained, conservancy arrangements are indifferent, drains and privies are not efficiently cleansed and cesspools, where they exist, are a standing nuisance. The District Magistrate of Midnapore reports that the best managed municipalities in the district are Tamluk and Ghatal, both of which are doing very useful work. The financial position of the Midnapore municipality is still unsatisfactory. The District Magistrate of Hooghly remarks that insufficiency of funds is the bane of most of the municipalities in the district and that in the two larger municipalities of Hooghly-Chinsurah and Serampore lack of proper supervision and control is partly responsible for their straitened financial condition. In Hooghly-Chinsurah the outstanding liability at the end of the year was Rs. 24,182 against a closing balance of Rs. 11,356; in Serampore it was Rs. 26,125 against a closing balance of Rs. 23,848. With regard to the smaller municipalities the Magistrate observes that the main difficulty appears to be that party feeling often prevails over the public interest. The much needed water-supply scheme of the Kotrung municipality was abandoned owing to party faction. The noticeable feature of the Champdany municipality was that the collection for the last three years was more than 99 per cent. The Chairman of the Bally municipality observes that Government was thoroughly justified in their experiment—the first in mufassal Bengal—of giving this town the benefit of a lady Commissioner, *viz.*, Mis McLeod and that their choice has been singularly successful.

17. **Presidency Division.**—The following extracts from the report of the Magistrate of the 24-Parganas furnish a review of municipal administration in that district which contains one-fourth of the total number of municipalities in the Presidency:—

“The most hopeful part of municipal work is the increasing attention that is being paid to the necessity of a good Water-supply. Definite action has been taken or is about to be taken by Kanchrapara, Bhatpara, Garulia, Titagarh, Naihati, Baranagar, Kamarhati, South Dum-Dum, Baruipore and Basirhat. . . . The most essential thing for health in a town is proper drainage. In this, Titagarh leads the way with its sewerage scheme under construction. Bhatpara and Kamarhati are following close behind with their schemes which are at present before Government. A start has thus been made in this important work and I trust that the other congested municipalities along the mill area will soon be able to follow their example. I have been much impressed by the excellent work done by the Health Officer and Sanitary Inspectors of the various towns. Formerly, there was no body whose duty it was to fight epidemics and the Chairman and the Vice-Chairman had to do their best with inadequate knowledge and a complete want of staff with the result that the epidemics had a free hand. Now the appearance of an epidemic is met with energetic action by a skilled official.”

The above remarks can be placed on the credit side of municipal administration and it shows what can be done when there is an active hardworking population but there are many municipalities in this district which cannot justify their existence. In Jaynagore, Rajpur, North Dum-Dum, Gobordanga, Barasat, Baduria and Taki not even the municipal rates are properly collected: the local authorities are moribund. The Commissioners do not seem capable of understanding their civic responsibility in realising the money for the public and are quite content to let things slide. These municipalities are also characterised by the heavy cost of administration. What work is done is of little extent, is badly done and costs far too much.”

The Magistrate of Nadia reports that all the municipalities in that district

have been fairly keen and done their duties in a fairly satisfactory manner. In Nabadwip and Santipur, however, party feeling marred the harmonious working of the municipalities and proved detrimental to public interests. The condition of roads in Krishnagar continues to be deplorable. The town of Kushtia is developing fast and the Commissioners have already started a development schemes by constructing new roads. The Birnagar municipality, though financially handicapped, is making valiant efforts to rid the town of malaria and receives useful support and co-operation from the newly started *Palli Mandali*. The municipal administration of the district of Murshidabad is said to have been fairly well-managed, so far as funds permitted, but the general complaint of all the municipalities is want of funds which handicaps their efforts to make any improvement. In Azimganj the system of inspection of the wards by the Commissioners was kept up with good results. Of the three municipalities in Jessore, Kotechandpur leads the way as the most efficient and up-to-date, Jessore is still hampered by heavy repayments for water-works loans, while Moheshpur is declining slowly with an ever-diminishing population of only 3,600. Khulna continues to do creditably, though not quite up to the standard of the previous year in the matter of collection: the work of the Debhatta municipality is said to be slovenly—as before. It is reported that the new Board which has lately been formed show a desire for progress.

The Commissioner of the Division observes:—

“On the whole, there was a distinct advances made by the municipalities in the year under report. In a few municipalities, however, the executive displayed regrettable timidity in taking legal steps for collecting taxes, with the inevitable consequence that the administration was bad. This is chiefly due to the fear of offending voters who might withhold votes at the next election and the educated community who might write in the newspapers. . . . There is a tendency to spend less and less on roads with the result that in most of the municipalities the roads are in a deplorable state. The conservancy administration was generally satisfactory, but the methars and sweepers everywhere are

dissatisfied with their pay. The water-supply was not fully adequate in most municipalities though the dearth of water is not felt so keenly in any town as in the rural areas."

18. Dacca Division.—Dacca suffered a great loss in the death of Nawab Khaja Muhammad Yusuf, who had been the Chairman for nearly 18 years. The state of affairs in the municipality is unsatisfactory; the revision of assessment was strenuously opposed and in consequence the collections were extremely bad.

The Magistrate of Mymensingh is unable to congratulate the municipalities within his district on the success of their administration. In Mymensingh town, the roads and drains are said to be "about as bad as they possibly could be."

On the whole, the municipalities of Faridpur and Madaripur were efficiently conducted but the financial position of the Rajbari municipality leaves much to be desired. As regards the municipalities in Bakarganj, the Magistrate observes that they are all suffering from a shortness of funds, which makes it impossible for them to take suitable measures for improving the amenities of civic life. In Barisal the extension, and in Patuakhali, the establishment of water-works is said to be an absolute necessity. None of the municipalities are in a position to make adequate provision for sanitary improvements, and Jhalakati and Perojpur are trying their best even to get rid of the Sanitary Inspectors. Bhola and Nalchiti can with difficulty pay for the existing services. Within circumscribed limits, however, all the municipalities, especially Barisal and Patuakhali have done good work. An interesting feature of the year was the establishment by the Barisal municipality of a Co-operative Society among the municipal sweepers called "Barisal Municipal Methar Samabaya Sammilani" consisting of 68 members, with the Municipal Chairman as its *ex-officio* Chairman. The object of the Society is to rescue the sweepers from their chronic state of indebtedness.

19. Chittagong Division.—The financial condition of the Chittagong municipality was unsatisfactory. There was a large accumulation of arrear taxes owing to laxity in collection. The Cox's

Bazar municipality suffered from a terrible cyclone in May 1923. The financial condition of the Comilla and Brahmanbaria municipalities was fairly good. In Noakhali several of the municipal roads were raised and improved and steps were taken to keep the town in neat and clean condition.

20. Rajshahi Division.—The Commissioner of the Division observes:—

"With the exception of Darjeeling which has maintained its reputation as an efficient and up-to-date municipality, none of the municipalities can claim to have done more than carry on their routine activities. In some the standard of administration has deteriorated. Party strife has prevented the fruition of the energy shown by the new Rajshahi Board in the previous year. In Serajganj and Sherpur too, party faction has militated against successful administration. Some municipalities such as Pabna threaten to relapse into bankruptcy. Dinajpur is solvent but unenterprising. Kurseong was unfortunate in having no permanent Chairman for the greater portion of the year; but the Vice-Chairman who officiated for nearly the whole year carried on the work with considerable success. The incidence of taxation in the plains municipalities is very low and unless the rate-payers can make up their minds to bear additional taxation I do not see how any material improvement in municipal conditions can be looked for. I do not think that a considerably increased and properly distributed assessment would really bear hardly on any of the municipalities."

21. Conclusion.—The progress made in the improvement of urban sanitation and water-supply is satisfactory, but beyond this there is little in the history of the year which calls for special notice. The average annual income per municipality is Rs. 70,000 and that per head of population is about Rs. 4. Financial difficulties are, therefore, at the root of most of the civic problems in the Presidency. Roads and other public works, conservancy, water-supply, lighting and general administration consumed about Rs. 54 lakhs of the total revenue and Rs. 26 lakhs were spent to provide for education, medical relief, vaccination, sanitation, drainage, fire prevention, etc. Many municipalities are too poor to be able to afford

an up-to-date administration but in many cases the Municipal Commissioners are content with an income barely sufficient for the minimum requirements of municipal administration. Unless, therefore, the municipalities are prepared to strengthen their financial position, by the raising of taxation, which is now extremely low (*viz.*, Rs. 2-15-4 per head of population), it is apparent that no great amelioration of the condition of civic life can be effected. The remedy lies in some cases in the hands of the Municipal Commissioners. In some towns, for instance, additional means may be found by the substitution of a rate on holdings for the tax on persons. The utilisation of trenching grounds for cultivation and grazing purposes is a source of income which might well be developed.

The names of the following Chairmen, Vice-Chairmen, and Municipal Commissioners have been specifically brought to the notice of Government by the Commissioners of Divisions on account of the good work done by them and Government (Local Self-Government Department) desire to express their appreciation of the public spirit shown by these gentlemen :—

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 15th April 1925.

Summary.—During the week moderate rain fell in North and East Bengal, while elsewhere the fall was only light. It has facilitated the sowing of jute and paddy and improved the prospects of standing crops generally, except in parts of West Bengal where more rain is needed. The average price of common rice for the province has risen by about 0·82 per cent. as compared with that of the previous week.

J. A. L. SWAN,

Secretary to the Government of Bengal.

No. 1334Edn.—The 23rd April 1925.—The report on the Bruce Institution for the year 1924 is published for general information.

Report on the Bruce Institution for the year 1924.

I. Control.—(1) During the year under review, Mr. E. F. Oaten, Director of Public Instruction, assumed charge of the office of Honorary Secretary to the Governors, *vice* Dr. T. O. D. Dunn, deceased.

(2) The Rev. Father T. Van der Schueren, S.J., and Mr. Maurice Remfry, who were away in Europe for more than six months and had therefore ceased to be Governors under the rules, were re-appointed in that capacity on their return to India.

(3) The Hon'ble Mr. Justice H. G. Pearson and Mr. W. F. Papworth, whose terms of office had expired, were re-appointed Governors.

(4) The Rev. Canon W. A. H. Parker was appointed to be a Governor, *vice* the Ven'ble Archdeacon J. Godber, resigned.

(5) The following were Governors at the end of the year :—

The Hon'ble the Chief Justice of Bengal,	} <i>Ex officio.</i>
The Most Rev. the Lord Bishop of Calcutta,	
The Surgeon-General with the Government of Bengal,	
The Mayor of Calcutta,	
The Director of Public Instruction (Honorary Secretary),	
The Hon'ble Mr. Justice H. G. Pearson.	
The Rev. Father T. Van der Schueren, S.J.	
The Rev. Canon W. A. H. Parker.	
The Rev. E. B. Joyner.	
Maurice Remfry, Esq.	
W. F. Papworth, Esq. (Inspector of European Schools).	
Mrs. J. H. Rundlett.	

II. Capital and income.—At the end of the year, the capital of the institution amounted to Rs. 10,16,200 in 3½ per cent. stock certificate of the year 1865, and, in addition, temporary investments from savings stood at Rs. 23,200, as in the previous year, all of them in Government securities. The annual interest is Rs. 37,629, which is banked with the Imperial Bank of India. The year opened with a cash balance of Rs. 18,961-12-9 and closed with one of Rs. 18,227-15-1.

III. Election to vacancies, etc.—(1) The annual election of wards was held on Monday, the 7th January. For the 11 vacancies advertised 67 applications were received, but a further vacancy having occurred before the election, 15 girls were elected on the recommendation of a sub-committee consisting of the Rev. O. Penley, the Rev. Father T. Van der Schueren, S.J., the Rev. E. B. Joyner, and Mr. W. F. Papworth. Of the girls elected, 10 were placed in the Loreto Convent, Entally (5 in the 1st, and 5 in the 2nd, boarding school), 3 in St. Thomas' School, 1 in St. Joseph's Convent, Cuttack, and 1 in Old Church Parochial Home.

(2) Of the 13 girls withdrawn during the year, 12 had attained the age of 17, the limit ordinarily allowed under the rules, and 1 was withdrawn because the Governors had decided that she was not to be allowed for certain reasons to go home for the holidays.

(3) Of the girls who had been withdrawn during the preceding year, and in respect of whom reports have been received during the year under review, one is employed as a typist in a Mercantile firm, another as an operator in the Bengal Telephone Company, and one is helping to look after the little children in the school in which she was educated. One girl has finished her course in shorthand and typewriting at the Y. W. C. A. and is on the lookout for an appointment, while another is undergoing training at the Remington Company's classes in business routine to enable her to fulfil the duties of a steno-typist, and is also learning to operate the calculating machine.

(4) At the close of the year there were 91 wards on the rolls against 92 in the previous year. They were distributed as follows :—

Loreto Convent, Entally { 1st Boarding 23 }	19
Calcutta Girls' High School { 2nd Boarding 26 }	11
St. Thomas' School	7
Loreto Convent, Asansol	8
Pratt Memorial School	6
St. Paul's Mission Home	4
St. Mary's Convent, Naini Tal	3
Old Church Parochial Home	2
St. Joseph's Convent, Cuttack	1
Dow Hill School, Kurseong	1
Bishop Westcott School, Ranchi	1
Wynberg School, Mussoorie	1
Total	94

(5) The following table affords particulars as to the class and religion of the wards at the close of the year :—

Class.	Roman Catholic.	Church of England	Non-conformist.	Total.
1. Orphans, or deserted by their parents ...	14	8	1	23
2. Fatherless or motherless, or deserted by their fathers or mothers ...	43	11	4	58
3. Those who have both parents alive ...	7	2	4	13
Total ...	64	21	9	94

(6) The health of the wards was generally satisfactory, but a ward who was in very poor health was sent to the Meath Convalescent Home, Shillong, for a change. Two other wards, whose eyes were defective, were supplied with spectacles. There were no deaths.

IV. Education and Maintenance.—The nature of the education given to the wards was that prescribed for Higher Grade Schools under the Code of Regulations for European Schools in Bengal, and in a few cases that for Secondary Schools.

(2) The Governors are anxious that their wards should not be allowed to drift when they leave school, and have accordingly asked the Visiting Governor to make, in consultation with the school authorities and the girls themselves who have attained, or are about to attain, the age of 15, some definite proposals where this seems desirable, so that the last two years of their school life may be spent to the best advantage and be a preparation for earning a living.

(3) One ward was sent up for the Senior Cambridge Local Examination in December 1923 and passed. Two were sent up for the Junior Cambridge, but failed, and one was sent up for the Higher Grade Schools Final Examination and passed. Some wards appeared at the Cambridge Local Examinations held in December 1924. The results are not yet known.

(4) Under the rules a ward is not ordinarily allowed to remain on the Fund after the age of 17, when an outfit grant of Rs. 100 is generally given on application to enable her to make a start in life. In cases where wards wish to be trained as teachers, and have the support of the school authorities, or where some other special training is recommended, or they are preparing for higher examinations, some extension of the period of benefit is generally allowed. One girl was granted a further year's extension to enable her to complete her commercial course. Two other wards received short extensions of a few months each to enable them to appear at the Senior Cambridge Local Examination and the Higher Grade Schools Final Examination, respectively.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 25-15-6 against Rs. 25-5-9 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below :—

1924.	Rs.	A.	P.	1923.	Rs.	A.	P.
Education and Maintenance	33,360	0	0	Education and Maintenance	32,882	8	0

V. Inspection.—The Rev. Father T. Van der Schueren, S. J., was appointed Visiting Governor for the first-half, and the Rev. E. B. Joyner for the second-half of the year. Father Van der Schueren visited all the schools in Calcutta having Bruce wards and saw individually every ward. The impression made on him was quite favourable. In all cases the children were clean and neatly dressed, and it seemed to him that more than ordinary attention was being shown. He suggested that in December the Inspector of European Schools should obtain from the various employers of shorthand typists a list of vacancies together with the conditions of employment, and that this list should be sent to the various schools. This would also apply to the Telephone Company and other employers. The Inspector of European Schools has promised to comply with the suggestion. Mr. Joyner also visited all the schools in Calcutta having Bruce wards. He inquired about their health, happiness, and vocational desires, and on the whole was pleased with the result. He found the wards tidy and neatly dressed. All, with a few exceptions, were enjoying good health. He was glad to find the girls taking their place along with those who had had better chances in their early lives, and all, except one, seemed to be happy and well pleased with their schools. He felt that the parents of the

girls and the Governors of the Bruce Institution were deeply indebted to the school authorities for the way in which they have taken these children into their schools and given them all the advantages which the schools afford.

VI. Meetings.—Four meetings were held in the year, and among the various resolutions passed the following may be noted :—

That girls, on election, should as a general principle be placed in Higher Grade Schools.

No. 23-S., dated Delhi, the 25th March 1925.

RESOLUTION —By the Government of India, Commerce Department.

SHIPPING.

Previous to 1893, the form of agreement prescribed for lascars contained a stipulation limiting the period of engagement to twelve months. In issues of this form subsequent to 1893 the figure twelve was omitted, although the practice to restrict the original engagement to a period not exceeding twelve months continued to be uniformly observed. The question has again been raised whether lascars can be engaged in the first instance under the lascar agreements for more than twelve months. The Government of India have again given the matter their most careful consideration and consider it inadvisable to depart from the present practice. At the same time they do not propose to interfere with the present arrangement whereby, with the consent of all parties interested, agreements can be extended for a period not exceeding six months by lascars who have proceeded under agreement to ports in the United Kingdom.

In other words the Government of India have decided to maintain the present practice and to regularise it by amendment of the form of agreement.

2. The Governor-General in Council is accordingly pleased to direct that article 1 of the form of agreement for lascars prescribed in the resolution by the Government of India in the late Department of Commerce and Industry, No. 4817-4822-5, dated the 4th July 1912, shall be amended to read as follows :—

The several persons whose names are hereto subscribed, and whose descriptions are contained herein, and of whom.....are engaged as sailors, hereby agree to serve on board the said ship, or any other vessel to which they may legally be transferred, in the several capacities expressed against their respective names, on a voyage from to any other ports or places within the limits of 60 degrees North and 50 degrees South Latitude, trading to and fro as the nature of the service of employment may require, for any period not exceeding months (provided that this period may be extended by a period not exceeding six months by any other further agreement entered into under section 125 (3) of the Merchant Shipping Act, 1894), and finally to be discharged at within the said months from the date of this agreement.

Note. The number of months to be entered must not exceed twelve.

Order.—Ordered that a copy be forwarded to the maritime Local Governments, the Director General of Commercial Intelligence, the High Commissioner for India in the United Kingdom, and the Indian Trade Commissioner in London.

Ordered also that the resolution be published in the Supplement to the *Gazette of India* for general information.

COLLECTOR OF CUSTOMS.**DRAFT NOTIFICATION.**

No. 1.—Under the proviso to section 137 of the Sea Customs Act, the Chief Customs Officer hereby permits the shipment of jute manufactures, raw hides and skins and tea on shipping bills presented under clause (a) of the said section but which, in the absence of documentary evidence to support the declaration, have not been finally passed under clause (c) of the said section, provided duty is provisionally paid before shipment and a guarantee in the attached form is or has already been executed on 12-anna stamped paper.

G. S. HARDY, *Collector of Customs.*

CALCUTTA, the 23rd April 1925.

Specimen form of Guarantee to be written on a 12-anna stamped paper.

In consideration of the Collector of Customs from time to time allowing, in such cases as he may think fit, jute manufactures/raw hides and skins/tea to be shipped without detailed examination of every package and without previous production in each case of documentary evidence of quantity acceptable to the Collector, I/we hereby undertake to produce the said documents within 20/15/10 days from the date of vessel's clearance, failing which I/we agree to pay such penalty as the Collector may think fit to impose not exceeding Rs. 5 a day in the case of each consignment for each day after the expiry of the said period during which I/we have failed to produce the said documents.

2. I/We understand that the acceptance of this guarantee by the Collector of Customs in no way prejudices his rights and powers under the Sea Customs Act and that the concession which forms the consideration of this guarantee may be withdrawn at any time at the Collector's discretion.

Shah and Khambata	...	The Wealth and Taxable Capacity of India.

Paper V.—Modern Economic History of England and India.

Books prescribed :—

Meredith	...	Economic History of England. (Book IV only.)
Knowles	...	Industrial and Commercial Revolutions in Great Britain.

Knowles	...	Economic Development of the British Overseas Empire, Book II, Part II.
Ascoli	...	Early Revenue History of Bengal and the Fifth Report.
R. C. Dutt	...	India in the Victorian Age.
Shirras	...	Indian Finance and Banking. (Historical portion.)
Broughton	...	Labour in Indian Industries.
Cotton	...	Handbook of Commercial Information for India.
Joshi	...	Indian Export Trade.

Books for reference :—

Cunningham	...	Growth of English Industry and Commerce. Modern Times, Part II (Laissez Faire).
Dutt	...	India under the Early British Rule.
Hamilton	...	The Trade Relations between England and India (1600-1896).
Imperial Gazetteer, Volume III.		

Paper VI.—Currency and Banking.

Books prescribed :—

Fisher	...	Purchasing power of Money.
Conant	...	Principles of Money and Banking, 2 volumes.
Withers	...	Meaning of Money.

Books for reference :—

Scott	...	Principles of Money and Banking.
Withers	...	Stocks and Shares.
Layton	...	Introduction to the Study of Prices.
Hirst	...	Stock Exchange.
Spalding	...	London Money Market.

Paper VII.—International Trade.

Books prescribed :—

Bastable	...	Theory of International Trade.
Brown	...	International Trade and Exchanges.
Spalding	...	Foreign Exchange and Foreign Bills.
Gregory	...	Foreign Exchange, Before, During and After the War.

Books for reference :—

Marshall	...	Money, Credit and Commerce.
Taussig	...	Selected Readings in International Trade and Tariff Problems.
Stephenson	...	Principles and Practice of Commerce.
Spalding	...	Eastern Exchanges.
Coyajee	...	Indian Fiscal Problem.

Paper VIII.—Essay—On questions of current economic interest with special reference to India.

Candidates will be expected to have a general knowledge of current economic problems.

M. A. DEGREE.

(Preliminary M. A. Examination to be held in 1926.)

Paper I.—Principles of Economics.

Books prescribed and for reference :—

The same as those for the B. A. Honours.

Paper II.—Either (a) Public Finance or (b) Modern Economic History of England and India.

Books prescribed and for reference :—

The same as those for the B. A. Honours.

Paper III.—Either (a) Currency and Banking or (b) International Trade.

Books prescribed and for reference :—

The same as those for the B. A. Honours.

(Final M. A. Examination to be held in 1927.)

I. *General Principles of Economics—One Paper.*

Books prescribed :—

Marshall	...	Principles of Economics.
Marshall	...	Industry and Trade.
Carver	...	Distribution of Wealth.

Books for reference :—

Pigou	...	Economics of Welfare.
Clark	...	Distribution of Wealth.

II. *History of Economic Thought—One Paper.*

Books prescribed :—

Gide and Rist	...	History of Economic Doctrines.
Hancu	...	History of Economic Thought.

Books for reference :—

Cannan	...	Theories of Production and Distribution.
Price	...	Political Economy in England.
Ingram	...	History of Political Economy.
Kirkup	...	History of Socialism.

III & IV. *Special subject—Two Papers.*

One subject to be selected from the following :—

- (a) The History, Theory and Present System of Currency and Banking.
- (b) The History, Theory and Present Organization of International Trade.
- (c) The History, Theory and Present Organization of Industry.

(a) Books recommended for the special papers in Currency and Banking :—

Fisher	...	The Purchasing Power of Money.
Conant	...	The Principles of Money and Banking, 2 Vols.
Cassel	...	Money and Foreign Exchange After 1914.
Keynes	...	A Tract on Monetary Reform.
Spalding	...	Foreign Exchange and Foreign Bills in Theory and Practice.

Report of the Committee on Currency and Foreign Exchanges After the War (Cunliffe Report).

Agger	...	Organised Banking.
Dunbar	...	The Theory and History of Banking (4th edition).
Andreades	...	History of the Bank of England.
Withers	...	Meaning of Money.
Conant	...	A History of Modern Banks of Issue. (Selected chapters)
Withers	...	Stocks and Shares.
Burton	...	Crises and Depressions.
Kemmerer	...	A. B. C. of the Federal Reserve System.
Shirras	...	Indian Finance and Banking.

Reports of the Chamberlain Commission and of the Babington Smith Committee
Post-War Annual Reports of the Controller of Currency in India.

(b) Books recommended for the special papers in International Trade :—

Marshall	...	Money, Credit and Commerce.
Brown	...	International Trade and Exchange.
Taussig	...	Selected Readings in International Trade and Tariffs.
Pigou	...	Protective and Preferential Import Duties.
Bowley	...	England's Foreign Trade in the Nineteenth Century.
Stephenson	...	The Principles and Practice of Commerce (selected chapters).
Grunzel	...	Economic Protectionism.
Taussig	...	Tariff History of the United States.
Taussig	...	Some Aspects of the Tariff Question.
P. Ashly	...	Modern Tariff History.
Spalding	...	Foreign Exchange and Foreign Bills in Theory and Practice.
Coyajee	...	Indian Fiscal Problem.
N. J. Shah	...	History of Indian Tariffs. Annual Review of the Trade of India (latest issue).

V.—*Essay—One paper on questions of current economic interest.*

UNIVERSITY OF DACCA.**Syllabus—Session 1925-26.****FACULTY OF ARTS.****DEPARTMENT OF MATHEMATICS.****MATHEMATICS FOR THE ORDINARY B. A. AND B. SC. DEGREES.**

(Examinations to be held in 1926 and 1927.)

Three Papers.

1. Plane Trigonometry and Co-ordinate Geometry.
2. Differential and Integral Calculus and Differential Equations.
3. Hydrostatics and Astronomy.

No text-books are prescribed. The following list indicates the standard to be attained :—

Loney	... Plane Trigonometry.
Loney	... Co-ordinate Geometry
Edwards	... Differential Calculus.
Edwards	... Integral Calculus.
Loney	... Hydrostatics.
Parker	... Astronomy.

B. A. DEGREE WITH HONOURS IN MATHEMATICS.

(Examination to be held in 1928.)

Eight papers on the subjects of the Honours School and two papers on each of two subsidiary subjects. The eight papers are the same as for the B.Sc. degree. (See below.)

(Subsidiary subjects for 1928.)

Any combination of subjects for the Pass B. A. degree, except the following, may be allowed :—

1. Philosophy and Economics.
2. Politics and Sanskrit or Persian or Arabic or Islamic Studies.

B. SC. DEGREE WITH HONOURS IN MATHEMATICS.

The following eight papers on the subjects of the Honours School and all the papers in Physics and Chemistry for the ordinary B.Sc. degree :

1. Higher Algebra and Theory of Equations.
2. Higher Plane Trigonometry, Pure Geometry and Vectors.
3. Co-ordinate and Solid Geometry.
4. Mathematical Analysis (Differential and Integral Calculus).
5. Ditto (Differential Equations and functions of a complex variable).
6. Analytical Statics and Hydrostatics.
7. Dynamics of a Particle and Elementary Rigid Dynamics.
8. Spherical Trigonometry and Astronomy.

No text-books are prescribed. The following list indicates the standard to be attained :—

Hall and Knight	... Higher Algebra.
Burnside and Panton	Theory of Equations, Vol. I.
Loney	... Plane Trigonometry.
Askwith	... Pure Geometry.
Kelland and Tait	... Quaternions.
Coffin	... Vector Analysis.
Smith	... Conic sections.
Salmon	... Conic sections.
Bell	... Geometry of Three Dimensions.
Williamson	... Differential Calculus.
Williamson	... Integral Calculus.
Goursat and Hedrick	Course of Analysis, Vols. I & II (selected portions).

Hardy	...	Pure Mathematics.
Murray	...	Differential Equations.
Loney	...	Analytical Statics.
Routh	...	Statics, Vol. I.
Besant and Ramsey	...	Hydrostatics.
Loney	...	Dynamics of a Particle and Elementary Rigid Dynamics.
McClelland and Preston	...	Spherical Trigonometry, Part I.
Godfray	...	Astronomy.

M. A. AND M. SC. (Applied) DEGREES.

(I. Preliminary M. A. and M. Sc. Examinations to be held in 1926.)

Three Papers.

1. Mathematical Analysis. (Corresponding to Honours Paper V.)
2. Analytical Statics and Hydrostatics. (Corresponding to Honours Paper VI.)
3. Dynamics of a Particle and Elementary Rigid Dynamics. (Corresponding to Honours Paper VII.)

(II. Final M. A. and M. Sc. Examinations to be held in 1926.)

Five Papers.

1. Statics including the theory of the Potential.
2. Theory of Vibrations.
3. Hydrodynamics or Electrodynamics.

Two papers on one of the following subjects :—

1. Elasticity.
2. Advanced Hydrodynamics including the Theory of Tides.
3. Celestial Mechanics.
4. Theory of Electrons and Radiation.

No text-books are prescribed. The following list indicates the standard to be attained :—

Minchin	...	Statics.
Besant	...	Dynamics.
Loney	...	Dynamics of a Particle and of Rigid Bodies.
Routh	...	Analytical Statics.
Routh	...	Rigid Dynamics, Part I.
Besant and Ramsey	...	Hydromechanics, Parts I and II.
Lamb	...	Dynamical Theory of Sound.
Jeans	...	Electricity and Magnetism.
Richardson	...	Electron Theory of Matter.
Love	...	Theory of Elasticity.
Lamb	...	Hydrodynamics.
Planck	...	Theory of Heat Radiation.
Planck	...	Thermodynamics.
Lorentz	...	Theory of Electrons.

DEPARTMENT OF EDUCATION.

B. T. DEGREE AND L. T. DIPLOMA.

Course 1.—Educational Psychology.

- I. The relation of Psychology and Education. Description of the nervous system and its functions. Heredity and Environment.
- II. The Instincts. Emotions, Sentiments, the Complex, and the structure of character. The mental development of the child and adolescent. Suggestion, imitation and habit in character-formation.
- III. Sensation and Perception. Attention. Fatigue. The problems of learning. The Motives of Learning. Interest. Play. Memory. Practice. Overpractice. Forgetting. Transference and Interference. Imagery. Association. Imagination and Reasoning.
- IV. Applications of Psychology to the teaching of school subjects.

Course 2.—Principles of teaching.

Teaching and Learning.

The influence of the aim of education on methods, curriculum and system of discipline. The curriculum.

The classes. Methods of classification. The problem of individual differences. Various attempts at solution. Modern individualistic tendencies. The class teacher and the specialist.

The Time-Table. Home work and "Teaching how to study". Private tuition.

General principles of teaching and learning.

Teaching.—The framing of courses. Units of teaching and notes of lessons. Types of lesson. Devices. The teacher's note book and diary.

Learning.—Notes. Practice exercises. Tests. Examinations. Marks. Class discipline.

The teacher's duties outside the class room ; games, occupations, contact with parents and guardians.

II. School Organisation.

Supervision and control of teaching, of home work.

Tests. Reports. Promotion. The Teachers' conference.

The discipline of the school.

The Hostels.

The school office.

III. Methods of teaching the fundamental subjects.

Reading, Writing, Arithmetic, and the elements of other selected subjects.

IV. School Inspection.

Course 3.—History of Education.

Each unit of teaching will consist of :—

1. A lecture on the history and the present position of the problem.

(Printed notes of the lecture will be supplied to students in advance.)

2. An Essay by each student embodying his views on the problem.

3. A formal debate in the class.

(The various sections will be taken up by various members of the staff. For the lectures and discussions outside persons may also be invited.)

I. Primary Education in Bengal.

(A) History. (B) The Problem of Finance. Compulsion: is it possible? Overlapping of school areas. The responsibility of the Local and of the Central authority. The mechanism of supervision and of control.

Discussion.—A Practical Scheme for the development of Universal Primary Education in Bengal.

II.—Secondary Education in Bengal.

(A) History. (B) The Problem of control—the State or the University. What should be the relation of the State to the system? Should zilla and Government schools be abolished?Has the High school usurped the function of the Primary School? Are there too many High Schools? How can the High School be adjusted to meet the needs of special classes? Should class schools be established for the Upper Classes? What type of school is required by the Middle Classes?

Discussion.—Lines of Reform in the High School.

III.—The Language Problem in Bengal.

(A) History and review of the problem. (B) The objections to the present system. The objections to Vernacularization. Possible middle courses.

Discussion.—The relative positions of English and the vernacular in the educational system of Bengal.

IV.—Vocational and Technical Education in Bengal.

(A) History. (B) Should vocational training take place in the ordinary schools or in special schools? Should it take place in the school at all, or in connection with the factory as a form of "continuation" or "part-time" education? If in special Schools or in the factory, what should the ordinary school do in the matter? What should be the subjects? How can the courses be adjusted to the demands of the labour market? Problems of Finance.

Discussion.—Is Vocational Education practicable in Bengal before the University stage?

V.—University Education in Bengal.—

(A) History. (B) Is there too much University Education in Bengal? Is education of the right kind being given; if so, is the right kind of student taking the education which is being given? The standards of examination. Unemployment of Graduates.

Discussion.—A practicable policy of University Reform.

VI.—The teaching profession in Bengal and its training.

Part I.—Primary.—(A) History. (B) The improvement of the status of the Primary teacher, pay, security, social status. What encouragement can be given to the trainee? What can be done to provide staffs for the schools if Free or Compulsory Primary Education is introduced? Is the present system of training effective?

Part II.—Secondary.—The improvement of the status of the High School teacher, pay, security, social status. Encouragement to the trained man. Should training come before or after school experience? Education as a B. A. subject. Refresher Courses. The present course of training effective? The work of the Training College other than the training of teachers. The problem of school text-books in Bengal.

- Discussion.*—1. The improvement of the status of the teacher.
2. The organisation of an efficient system of Teacher-training institutions in Bengal.

VII.—The civic function of the school in Bengal.

(A) Review of present conditions in the teaching of civics in other countries. (B) Are schools in Bengal at present fulfilling their civic as well as their intellectual function? Is it possible for the school to give any training in civic understanding and responsibility? What should be the relation of the Schoolmaster and of the school to local, provincial and imperial politics? The Needs, and Dangers of the case.

Discussion.—In what way can the schools in Bengal help to develop civic knowledge and responsibility?

VIII.—The social function of the school in Bengal.

(A) History.—(The hopes of early educationists in Bengal). (B) The function of the school in reference to Hygiene (personal, domestic and public), and to current social problems. Can the school do anything in these matters? If so, how?

Discussion.—What contribution can the schools in Bengal make towards social reform.

Course 4.—Educational Measurement.

(For B. T. candidates only.)

I. Individual Differences, their nature and extent. The Frequency Curve. Measures of Central Tendency. Measures of Variability. Correlation.

II. Marks and examinations as measures of school work. Causes of unreliability. Types of test,—Analytic, Application. Principles of testing. The Criteria of a test. Review of various tests as illustrating the above. The Norm : its meaning and validity. Practice in the setting of tests. Intelligence tests.

III. (For Special Proficiency course only).

Fundamentals of Experimental Method.

Course 5.—School Hygiene.

1. Outline of Anatomy and Physiology.
2. Outline of diseases with bacteriological classification.
3. Outlines of First Aid, Nursing, and Hygiene.

SPECIAL SUBJECTS.

1. Advanced English.

I. The diagnosis and cure of wrong pronunciation. Reading aloud. Lecture Demonstrations. Practice classes.

II. Teaching of Idiom by oral translation. Practice Classes.

III. Composition. The description. Conversation. Character. Short stories. Letters. The Précis.

IV. The Teaching of English.

2. Geography.

I. The method of teaching Geography.

II. Elementary Physical Geography—

(1) Configuration of the great land-masses and oceans. Seasons. Wind and Water Currents. Climate. Distribution of Flora and Fauna, of mankind.

(2) Map-drawing and Map-reading.

(3) Physical characteristics of India—Detailed study. Commercial Geography of India.

(4) Main features of other continents.

- (5) Trade routes.
- (6) Commercial Geography. Present-day production of the chief countries—in agriculture, mining, industry, commerce, with special reference to the United Kingdom, United States, Germany, France, Japan, Russia.

III. Advanced Geography—

Physical Geography as a basis of the various types of civilisation and as a determining factor of national and economic development.

Detailed study of the physical character of the chief countries of the world.

Advanced Commercial Geography of the World.

Meteorological observations and charts.

Trigonometrical survey. Map-making and Mercator's Projection.

3. History.

The teaching of History.

A course of reading in general history or history of India to be arranged by the instructor.

Lectures on the method of teaching history.

The framing of courses and lessons, criticism and demonstration lessons on Indian History from ancient times to the institutions of the Reformed Councils.

4. Bengali.

The teaching of Bengali.

A course of reading in Bengali literature and its history to be arranged by the instructor. Lectures by the instructor or by students on selected topics.

A course of original composition in Bengali.

Framing of courses and lessons, criticism and demonstration lessons on Bengali language and literature.

5. Mathematics.

The value and the aims of mathematical teaching, and the methods of teaching the subject. Framing of courses and lessons. Criticism and demonstration lessons.

Arithmetic—

Numbers and number combinations. Fundamental operations on whole numbers and fractions. The amount and nature of drill work required in arithmetic. Problems: the technique of solving problems. Practice in framing problems.

Algebra—

The nature of Algebra. The equation. The formula. The graph. Problem-solving.

Geometry—

Fundamental ideas. Experimental and practical work. Analytic and Synthetic proof.

6. Art and Manual Work.*

A short course of illustrated lectures on Perspective. The technique of pastel, the technique of water colour.

A course of out-of-door instruction in charcoal, pastel, water colour.

A course of indoor instruction in manual work in plasticine, card-board, wood, and in mixed materials. Construction of didactic apparatus.

Framing of courses and lessons in manual work and drawing.

A short course of reading (to include Indian Art) to be framed by the instructor.

7. The Primary Curriculum.

(For inspecting officers and masters of primary training institutions.)

The content and method of teaching and testing the subjects of the primary curriculum. The equipment, organisation, and special problems of the primary school in Bengal.

8. Drill and Organisation of Games.†

The student will be required to perform drill, to conduct and criticise classes in drill and in junior games, to organise and supervise senior games.

* A preliminary test will be made of those wishing to take up this course. Only those of superior ability in the subject will be admitted. Students may be required to provide their own materials.

† May be taken as a fourth subject.

DEPARTMENT OF COMMERCE.

BACHELOR OF COMMERCE.

(Examination to be held in 1927.)

I. Elements of Economics	One paper.
II. Commercial Geography	Ditto.
III. Business Organisation and Scientific Management	Ditto.
IV. Trade and Transport	Ditto.
V. Commercial Correspondence	Ditto.
VI. Commercial and Industrial Law	Ditto.
VII. Currency and Banking	Ditto.
VIII. Accountancy	Two papers.

Books will be recommended in the class.

B. Com. graduates will be allowed to proceed to the M.A. Examination in Economics after two years' further study, but they will not be granted the M.A. degree unless they pass in two of the following subjects :-

Politics, History, English and Mathematics, each subject to consist of two papers of the Pass B.A. standard.

B. Com. graduates will have the same privileges as Pass B.A. graduates for pursuing the B.L. course.

The Detailed Syllabus.

(I) Elements of Economics One paper.

Fundamental facts and principles regarding consumption, production, exchange and distribution.

(II) Economic Geography One paper.

Physical Geography as a basis of the various types of civilization and a determining factor of natural and economic development. Geographical control.

The production, distribution, and exchange of commodities; the climate; soil; labour and machinery.

Growth of industries; trade centres; trade routes.

Commercial products and their distribution.

A detailed study of India, the United Kingdom, France, Germany, Italy, the United States of America, and Japan. A general description of the rest.

Maps may be required to illustrate the answers.

(III) Business Organisation One paper.

The constitution of business houses; combination in business; partnerships and companies; direction and control; office routine, filing, indexing, etc.; industrial efficiency; secretarial work; meetings, agenda and minutes; advertising; the stock exchange.

(IV) Trade and Transport One paper.

Evolution of trade—its classifying factors, wholesale and retail, intermediaries—their importance.

A brief history of Commerce—ancient, mediæval and modern.

Home and foreign trade, theory of international trade, foreign exchanges.

The organisation of trade, financing methods, foreign remittances, various documents, packing and shipment. Tariffs.

Evolution of transport; methods of transport; railways; fixing of rates and fares; State control; sea transport.

(V) Commercial Correspondence One paper.

Drafting business letters, reports, circulars, etc.

Indexing and précis-writing.

(VI) Commercial Law One paper.

The Indian law relating to contracts, sale of goods, agencies, partnerships, and companies, the law of carriage of goods by land and sea, negotiable instruments, insurance, insolvency.

(VII) Currency and Banking One paper.

The functions of money, legal tender, standard and token money, variations in the purchasing power of money, systems of currency, the English banking system, a brief description of the other systems.

The money market, bill brokers, the stock exchanges, the foreign exchanges, financial crisis.

The Indian Currency and Banking System.
The Banking law and practice.

(VIII) Accountancy Two papers.

First paper—General :

The principles of the double entry ; the use of subsidiary books ; the trial balance ; the preparation of the trading and profit and loss accounts ; and the balance-sheet of general merchants ; the accounts of partnerships and companies ; bills of exchange ; consignments ; reserves.

Second paper—Special :

Accounts of Insurance Companies, Banks, Mining Companies, Charitable institution, and other non-trading concerns ; partnership accounts including the treatment of goodwill ; reorganisation and reconstruction of companies ; branch accounts, including foreign branches ; manufacturing accounts and costs ; depreciation, reserves, and sinking funds ; self-balancing ledgers ; bankruptcy ; the double account system ; hire-purchase agreements ; columnar book-keeping.

No text-books are prescribed. The following list indicates the standard to be attained :—

(I) Elements of Economics—

Chapman	...	The Principles of Economics.
Gide	...	The Political Economy.
Marshall	...	The Economics of Industry.
Briggs	...	Elements of Economics (Tutorial series).

(II) Economic Geography—

Curr	...	Commercial Geography.
Chisholm	..	Handbook of Commercial Geography.
Pitman	...	Commercial Geography.
Taylor and Unstead	...	Regional Geography of the World.
Lyde	...	The World.

(III) Business Organisation—

Davar	...	Business Organisation.
Dicksee	...	Ditto.
Campbell	...	Modern Business and its methods.

(IV) Trade and Transport—

Wolfe	...	Principles and Practice of Commerce.
Mairet	...	Trade, Transport and Finance.
Webster	...	General History of Commerce.
Stephenson	...	Principles and Practice of Commerce.
Douglas Knoop	...	Railway Economics.
Acworth	...	The Elements of Railway Economics.

(V) Commercial Correspondence—

Pitman	...	Commercial Correspondence and Commercial English.
Stephenson	...	Principles and Practice of Commercial Correspondence.
Shawcross	...	Précis-writing.

(VI) Commercial Law—

Davar	...	Mercantile Law.
Steven	...	Ditto.

(VII) Currency and Banking—

Sykes	...	Banking and Currency.
Weston	...	Ditto.
Withers	...	Meaning of Money.
Bagshaw	...	Practical Banking.
Spalding	...	Eastern Exchange, Currency and Finance.
Keynes	...	Indian Currency.

(VIII) Accountancy—

Spicer and Pegler	...	Book-keeping and Accounts.
Batliboi	...	Advanced Accounts.
Carter	...	Ditto.

UNIVERSITY OF DACCA.**Syllabus—Session 1925-26.****FACULTY OF SCIENCE.****DEPARTMENT OF PHYSICS.****PHYSICS FOR THE ORDINARY B. SC. (PASS) DEGREE."****First Year Course.****I. Properties of Matter and Sound : Two lectures per week.****(a) Properties of Matter.**

Laws of motion; Work, Power, and Energy; Units and Dimensions of Physical Quantities; Motion in straight and circular paths; Friction; Machines; Elasticity; Moments of Inertia (simple cases only); Simple Harmonic Motion; Pressure in liquids and gases; Archimedes' Principle; Specific gravities; Liquids in motion; Capillary action.

Text-books recommended :—

Duncan and Starling—Text-book of Physics, Part I.

Watson—Text-book of Physics.

(b) Sound.

Wave motion : Production and Propagation of Sound; Noises and Musical Notes and their Characteristics; Musical Scale and Intervals; Interference; Consonance and Dissonance; Vibrations of Strings and Air Columns; Resonance.

Text-books recommended :—

Poynting and Thomson—Sound.

Duncan and Starling—Text-book of Physics, Part IV.

II. Heat : Two lectures per week.

Temperature and Thermometry; Expansion; Calorimetry; Change of state; Properties of Vapours; Hygrometry; Elementary Principles of Thermo-dynamics; Conduction, Convection and Radiation; Steam and other Heat Engines.

Text-book recommended :—

Edser—Heat for Advanced Students.

Laboratory work : Two periods of two hours each per week.

The Spherometer; Specific gravities; Young's Modulus Simple Pendulum and determination of 'g'; Atmospheric pressure and Boyle's Law. Velocity of Sound; Determination of pitch; Kundt's Tube; The Sonometer; Melde's Experiment; Expansion of solids and liquids, and gases; Determination of specific and latent heats; Cooling; Hygrometers.

Text-books recommended :—

Allen and Moore—Text-book of Practical Physics.

Harrison—Course of Practical Physics.

Second Year Course.**III. Light : Two lectures per week.**

Propagation of Light; Photometry; Reflection and Refraction; Prisms, mirror and lenses; The Human Eye and Defects of Vision; Optical Instruments; Dispersion and Chromatic Aberration; Velocity of Light; Wave Theory; Interference; Diffraction, Polarisation and Double refraction, elementary ideas only.

Books recommended :—

Edser—Light.

Watson—Text-book of Physics.

IV. Magnetism and Electricity : Two lectures per week.

Fundamental Theory of Magnetism and General Theories; Magnetic Measurements; Terrestrial Magnetism; Fundamental Theory and General Theorems in Electrostatics; Capacity and Condensers; Electrical Machines; Electrometers; Atmospheric Electricity; Primary and Secondary Cells; General effects of Currents; Fundamental Definitions and Units; General Theory; Currents and Magnets, Ampere's Hypothesis; Galvanometers; Divided Circuits; Ohm's Law; Electromotive Force; Resistances; Joule's Law; Thermo Electricity; Electromagnetic induction; Induction Coils; Electromagnetic Machinery; Electrical units, Electrolysis; Radio-activity, elementary theory only.

Text-books recommended :—

Radley—Electricity and Magnetism.

Hutchinson—Intermediate Text-book of Electricity and Magnetism.

Laboratory work : two periods of three hours each per week.

The Sextant ; Refraction through Prisms ; Refractive Indices ; Focal lengths of Mirrors and Lenses ; The Optical Bench ; Magnifying powers ; The Spectrometer ; Law of Inverse Squares ; Determination " II " ; Spring Magnetometer ; Dip, Simple determination ; The Tangent Galvanometer ; Comparison of Resistances and Electromotive forces ; The Potentiometer, Wheatstone's Bridge ; Electro Chemical Equivalents.

Text-books recommended :—

Allen and Moore—Text-book of Practical Physics.

Harrison—Course of Practical Physics.

The final examination at the end of the 2nd year will consist of two Theoretical papers of 3 hours each and one Practical Examination for six hours.

Paper I.—

Part I. Properties of Matter and Sound.

Part II. Heat.

Paper II.—

Part I. Light.

Part II. Magnetism and Electricity.

Practical Examination.

HONOURS SCHOOLS OF PHYSICS.

First Year Course.

I. Mechanics and Properties of Matter : Two lectures per week.

Motion in straight and circular paths ; Laws of Motion, Work, Power, and Energy ; Units and Dimensions of Physical Quantities ; Collision and Impact ; Rotatory Motion ; Moments and Products of Inertia ; Simple Harmonic Motion and Motion about a Fixed Axis ; Simple and Compound Pendulums ; Attraction, Potential, Gravitation ; Theory of Elasticity ; Hydrostatics ; Pressure in Liquids ; Centre of Pressure ; Hydraulic transmission of Energy ; Barometer ; Pumps ; Archimedes' Principle ; Liquids in Motion ; Total Energy of a liquid ; Bernoulli's Theorem ; Discharge through an Orifice ; Water-wheels, Turbines, Centrifugal pumps ; Surface-tension and Capillarity ; Laplace's Theory of Capillarity ; Diffusion of liquids and gases ; Viscosity of liquids.

Text-books recommended :—

Loney—Elementary Dynamics.

Poynting and Thomson—Properties of Matter.

For reference :—

Loney—Dynamics.

Loney—Statics.

II. Heat : Two lectures per week.

Temperature and thermometers ; Expansion ; Calorimetry ; Changes of state ; Properties of Vapours ; Hygrometry ; Kinetic Theory of gases ; On the Continuity of State ; The Principles of Thermodynamics ; Convection, Conduction, and Radiation of Heat ; Steam and Heat Engines.

Text-books recommended :—

Poynting and Thomson—Heat.

For reference :—

Preston—Theory of Heat.

Laboratory work : Four periods of three hours each per week.

The Balance ; Sensibility curve ; Calibration of weights ; The Cathetometer ; Measurement of vertical length by a scale and reading telescope ; Density determination with corrections ; Determination of elastic constants ; Determination of 'g' by simple and compound pendulums and by ball rolling on a concave mirror ; Surface-tension ; Viscosity ; Moments of Inertia ; Heat ; Expansion of liquids ; expansion of solids by the

Weight Thermometers ; Calibration of Thermometer tubing ; Experiments on Specific heat ; Berthelot's steam calorimeter ; Hygrometry ; Vapour Density ; Conductivity experiments ; Mechanical equivalent of heat.

Text-books recommended :—

Watson—Text-book of Practical Physics.

Allen and Moore—Text-book of Practical Physics.

Second Year Course.

III. Light.

(a) Geometrical Optics—July to September : Two lectures per week.

Propagation of light ; Reflection and Refraction ; Mirrors, Prisms, Lenses ; Fermat's Law ; Caustics ; Dispersion and Achromatism ; Optical Instruments ; Velocity of Light.

Text-book recommended :—

Heath—Elementary Treatise on Geometrical Optics.

For reference :—

Southall—Mirrors, Prisms, and Lenses.

(b) Physical Optics—July to September : Two lectures per week.

Wave Theory ; Interference and Diffraction ; Polarisation and Double Refractions ; Spectroscopy of the Ultra Violet ; Theories of Dispersion and Radiation.

Text-book recommended :—

Houston—Text-book of Light.

For reference :—

Preston—Theory of Light.

Wood—Physical Optics.

IV. Sound—November to March : Two lectures per week.

Wave Motion ; Dynamical Theory ; Propagation of Sound ; Noises and Musical Notes ; Musical Scale ; Interference ; Transverse Vibration of Strings, Dynamical Investigation ; Longitudinal and Torsional Vibrations of Bars ; Plane Waves of Sound ; Vibrations of Air columns in Pipes, Resonance and Analysis of Vibrations, Combination Tones, Consonance and Resonance, The Ear and Musical Instruments.

Text-book recommended :—

Poynting and Thomson—Sound Book.

For reference :—

Helmholtz—Sensations of Tone.

Lamb—Dynamical Theory of Sound.

V. Statical Electricity and Magnetism—November to March : Two lectures per week.

(a) Statical Electricity—General Phenomena and General theorems ; Potential and Energy in electrified system, Capacity, The Dielectric and Specific Inductive Capacity, Atmospheric Electricity.

(b) Magnetism : General Phenomena and General Theorems, Inverse Square Law, Magnetic fields, Induced Magnetization, Magnetic Properties of Materials, Magnetic Susceptibility and Permeability, Terrestrial Magnetism, Magnetism and Light.

Text-books recommended :—

Poynting and Thomson—Electricity, Parts I and II.

Starling—Electricity and Magnetism.

Wetham—Theory of Experimental Electricity.

Hutchinson—Advanced Text-book of Electricity and Magnetism.

Laboratory Work : Four periods of three hours each per week.

Light, Laws of geometrical optics, Mirrors, Prisms and Lenses.

The Optical Bench, Optical instrument, Magnifying powers, the Spectroscope and the spectrometer, Biprisms, Newton's Rings, Polarimeter.

Sound, Velocity of Sound, Frequency, Vibrations of Strings, Vibrations of Air column.

Magnetism, Fundamental properties and laws, Magnetometry, Oscillations of a magnet in a magnetic field. The Earth's Magnetic Field.

Text-books recommended :—

Watson—Text-book of Practical Physics.

Allen and Moore—Text-book of Practical Physics.

Third Year Course.**VI. Current Electricity—Two lectures per week.**

The Electric current, Ohm's Law, Electromotive Force and Resistance. Electrolysis, Thermo Electricity, Electromagnetics. Varying Currents. Alternating Currents, Units and Dimensions, Electromagnetic Radiation.

Text-books recommended :—

- Starling—Electricity and Magnetism.
- Wethem—Theory of Experimental Electricity.

VII. Special Courses—On Modern Physics.

- | | |
|------------------------|--------------------------|
| 1. Structure of Matter | } Two lectures per week. |
| 2. Radio Activity | |
| 3. X-Rays | |

Laboratory work : Four periods of three hours each per week.

Current Electricity, Measurement of Current, Electromotive force and resistance. Electrolysis, Induced currents, Comparison of capacity.

Text-books recommended :—

- Watson—Text-book of Practical Physics.
- Allen and Moore—Text-book of Practical Physics.

Examinations—

Five papers of three hours each and a Practical Examination for 12 hours.

PHYSICS FOR THE M. Sc. DEGREE.

'Two Years' course for Ordinary Pass B. Sc. students.

First Year Course.

Light : Two lectures per week—July to September.

Covering the Honours B. Sc. Course.

Magnetism and Electricity. } Two lectures per week. July to September.
Covering the Honours B. Sc.

Electrostatics : 24 Lectures.

Magnetism : 12 Lectures.

Electro-Magnetic Theory : 24 Lectures.

Photo Electricity : 12 Lectures.

Laboratory Work, covering the whole courses—Not less than 16 hours per week.

Second Year Course.

Geometrical Optics : Two hours per week—July to September.

Quantum Theory and Thermodynamics : Two hours per week—July to September.

Physical Optics—12 Lectures.

Relativity—12 Lectures.

Modern Researches :

Examination : 5 Papers for 4 hours each and Practical Examination for 24 hours.

M. Sc.—One Year's Course for Honours B. Sc. students of the Dacca University.

A selection of Lectures from the above courses for the Two Years M. Sc. students, together with a connected series of Practical Experiments leading to research.

The exact nature of the examination will be determined in accordance with the Lectures and Practical work of individual students.

FACULTY OF SCIENCE.**DEPARTMENT OF CHEMISTRY.****B. SC. HONOURS.****Physical Chemistry.****Theoretical**

Laws of chemical combination by weight and volume ; Atomic theory and Avogadro's hypothesis ; molecular weights of gases.

Kinetic theory of gases.

Liquefaction of gases : viscosity and surface tension of liquids. Law of conservation of energy ; energy changes in chemical transformations.

Second law of Thermodynamics ; vaporisation of liquids and fusion of solids.

Osmosis ; theory of solution ; thermodynamic treatment of the properties of solutions.

Laws of electrolysis ; molecular conductivity of electrolytic solutions.

Transport number of ions ; electrolytic dissociation theory.

Chemical changes in homogeneous systems :—Law of mass action ; reaction isochore, velocity of mono and dimolecular reactions ; determination of the order of reaction, equilibrium in electrolytic solutions ; theory of indicators.

Chemical changes in heterogeneous systems :—Phase Rule ; catalysis ; colloidal solutions.

Technical gas reactions ; manufacture of sulphur trioxide, ammonia, oxides of nitrogen, oxidation of ammonia to nitric acid, Deacon process for the manufacture of chlorine, manufacture of formaldehyde.

Theory of galvanic cells ; absolute value of single electrode potential, decomposition potential ; concentration and gas cells.

Determination of Avogadro's number. Structure of the atom. Radio-active transformations.

Practical work in the laboratory to cover the whole subject.

Books recommended as text-books for B. Sc. Honours in Physical Chemistry :—

1. Introduction to Physical Chemistry, by Sir James Walker.
2. Thermochemistry and thermodynamics, by Sackur.
3. Theoretical Chemistry, by Nernst.
4. Physico-chemical Calculations, by Knox.

Books recommended for reference :—

1. A system of Physical Chemistry, by Lewis.
2. Phase Rule, by Findlay.
3. Principles of the Phase Theory, by Douglas A. Clibbens.
4. Osmotic Pressure, by Findlay.
5. Electro-Chemistry, by Leblance.
6. Chemical Statics and Dynamics, by Mellor.
7. Colloidal solutions, by Taylor.
8. Catalysis, by Jobling.
9. Catalysis in Theory and Practice, by Rideal and Taylor.
10. Thermodynamics of Technical Gas Reaction, by Haber.
11. Atoms, by Perrin.
12. Electron, by Millikan.
13. Annual Reports on the Progress of Chemistry, issued by the Chemical Society, London.
14. Radio-active substances and their transformations, by Rutherford.
15. Ions, Ionising Substances and their Radiations, by Crowther.

Practical text-books :—

1. { Practical Physical Chemistry, by Spencer.
2. { Physical Chemistry, by Findlay.

Reference book :—

K. Arndt—Handbuch der Physikalisch-chemischen Technik.

Organic Chemistry.**Theoretical—**

A thorough knowledge of the following :—

Aliphatic saturated and unsaturated hydrocarbons and their derivatives, viz. haloid derivatives, alcohols, ethers, aldehydes, ketones, esters, acid chlorides, amides, amines, cyanogen compounds and sulphur compounds. Organo-metallic compounds of zinc and magnesium. Polyhydric alcohols and their oxidation products, carbohydrates, hydroxy and amino acids, aldehydic and ketonic acids, di-ketones, polybasic acids, and their derivatives, purines.

Aromatic hydrocarbons and their derivatives, viz., haloid, nitro, amino, sulphonic acid and hydroxy derivatives; diazo and azo-compounds; aromatic alcohols, aldehydes, ketones, acids (including substituted acids), esters, acid chlorides, anhydrides, amides, quinone, multinuclear hydrocarbons, benzidine, di- and tri-phenyl methanes and their derivatives, naphthalene and its derivatives, anthracene, anthraquinone, alizarin, indigo, phenanthrene; pyridine and quinoline and their derivatives; furfuran, thiophene, pyrrol, diazoles, exazoles, thiazoles, diazines, oxazines, thiazines. A general knowledge of the essential oils, monocyclic terpenes, pinene, camphor and citral. A general knowledge of the alkaloids, piperine, cocaine, quinine and papaverine. A general knowledge of the synthetic drugs and synthetic dyes; stereo chemistry of carbon, nitrogen and sulphur. A general knowledge of the principles of organic analysis, wood distillation, fermentation, distillation of coal-tar, theory of dyeing and bleaching.

Practical—

Identification of any of the simpler substances covered in the theoretical syllabus.

Estimation of carbon, hydrogen, nitrogen, halogens and sulphur in organic compounds. Determination of the molecular weights of organic acids and bases. Preparation of the following substances :—nitro benzene, aniline, acetanilide, sulphanilic acid, ethyl acetate, anthraquinone, phenol-phthalein, p-nitro aniline, acetyl chloride, p-amino-azo-benzene, p-iodo-toluene, benzil, phenylglucosazone, phenyl mustard oil, phthalic acid.

Estimation of the common radicals in organic compounds.

Analysis of oils, fats, soaps, valuation of tannin materials, sugar, starch, phenol.

Recommended as text-books :—

- Theoretical Organic Chemistry— By J. B. Cohen.
 „ Wade.
 „ Holleman.
 „ Bernthsen.
 „ Sudborough.

Reference books :—

- Richter's Organic Chemistry, Vols. I, II and III.
 Cohen's Organic Chemistry, Vols. I, II and III.
 Stewart's Recent Advances in Organic Chemistry.
 Pope's Modern Researches.
 Annual Reports on the Progress of Chemistry, issued by the Chemical Society, London.

Inorganic chemistry.

Classification and mutual relations of all the elements (including the radio-elements) and the study of the elements and their important compounds.

Metallurgy of Copper, Silver, Gold, Iron, Zinc, Lead, manufacture of sulphuric acid, bleaching powder, sodium carbonate, caustic soda, paints and pigments, porcelain, glass, cement, manufacture of fuel gases, calorific value of fuels.

Study of the theory of valency, allotropy, colloids, intermetallic compounds, isotropism, crystalline structure, isomorphism and isotopic elements.

Practical—

Qualitative analysis of inorganic substances or mixture containing not more than five radicals.

A thorough knowledge of volumetric and gravimetric analysis, including analysis of minerals and gases.

Preparation of important inorganic compounds, as for example, anhydrous ferric chloride, magnesium chloride, potassium persulphate, sodium thiosulphate, cobaltamine colloidal ferric hydroxide, colloidal red gold.

The following books are recommended, the first as text :—

1. Inorganic Chemistry, by T. Martin Lowry.
2. Rare Elements, by Browning.
3. The Chemistry of Radio Elements, by Soddy.
4. Isotopes, by Aston.

5. Peracids and their Salts, by S. Price.
6. Intermetallic Compounds, by C. H. Desch.
7. Systematic Inorganic Chemistry, by Caven and Lander.
8. Catalysis in Theory and Practice, by Rideal and Taylor.
9. Outlines of Industrial Chemistry, by Thrope.
10. Treatise on Inorganic Chemistry, by Roscoe.
11. Text-book of Inorganic Chemistry, by J. N. Friend.
12. Dictionary of Applied Chemistry, by Thrope.

Practical—

Treadwell—Inorganic Analysis.
 Biltz—Inorganic Preparations.

B. SC. PASS.

Physical Chemistry.

Theoretical—

Essential features of chemical and physical change. Laws of chemical combination by weight and volume, Atomic theory, Avogadro's hypothesis and its application, Determination of molecular weights; Diffusion of gases; Elementary knowledge of (1) the kinetic theory of gases, (2) theory of solutions and (3) electrolytic dissociation theory. Conditions of chemical change and thermal changes accompanying it; Dissociation of gases; Colloidal solutions; Dialysis.

Books recommended as texts:—

(1) Introduction to Physical Chemistry, by Sir James Walker,

or

(2) Physical Chemistry, by G. Senter.

Organic Chemistry.

Theoretical —

General principles of organic analysis.

Preparation and properties of the following:—

Methane and ethane and their simple derivatives, viz., haloid derivatives, alcohols, ethers, aldehydes, ketones, acids esters; acetyl Chloride; acetic anhydride; acetamide; amines cyanogen compounds, ethylene, acetylene, glycol, glycerine, cane-sugar, dextrose, fructose, starch, lactic acid, oxalic acid, citric acid, tartaric acid, urea, benzene and toluene and their simple derivatives, viz., mono-haloid, nitro, amino hydroxy and sulphonic acids; Benzyl alcohol, benzaldehyd acetophenone, benzoic acid, salicylic acid.

Practical—

Identification of the following organic substances given single:—Methyl alcohol, ethyl alcohol, chloroform, ether acetone, formaldehyde, glycerine, formic acid, acetic acid, oxalic acid, tartaric acid, citric acid, cane-sugar, glucose, starch, urea, benzene, aniline, phenol, benzoic acid.

Determination of melting and boiling points of organic compounds.

Qualitative detection of the elements present in an organic compound

Inorganic Chemistry.

Preparation and properties of the following elements and their chief compounds:—Oxygen, Hydrogen, Nitrogen, Argon, Fluorine, Chlorine, Bromine, Iodine, Sulphur, Boron, Carbon, Silicon, Phosphorus, Arsenic, Sodium, Potassium, Calcium, Strontium, Barium, Magnesium, Manganese, Iron, Nickel, Cobalt, Tin, Lead, Antimony, Bismuth, Gold, Silver, Copper.

Chemical notation and nomenclature. Interpretation of chemical formulae. Classification and mutual relation of elements. Compound radicals. Double decomposition. Allotropy.

Book recommended:—

Mellor—Inorganic Chemistry.

Practical—

Preparation of ferrous sulphate, caustic soda, ammonium carbonate, red lead potassium permanganate and substances of similar nature.

Qualitative analysis of inorganic substances containing not more than two salt radicals.

Volumetric estimation of alkalies, alkaline carbonates, acids, iron and silver.

Gravimetric estimation of copper sulphate or any similar substance.

S. Bonnerjee, Official Receiver and Receiver to the Estate of Chitra Dasse, having his office within the High Court buildings in Calcutta, is the plaintiff and Kasim Luda Mohamed of No. 17-1, Kasi Nath Mullick's Lane in Calcutta, is the defendant in execution of the decree of the Small Cause Court at Calcutta, dated the 18th day of April 1922, by the Sheriff of Calcutta in his sale-room on the ground floor of the Court-house by public auction on Friday, the 29th day of May 1925, at the hour of 12 o'clock noon the undermentioned property, viz.:—

One storied pucca brick-built building (excluding the land) standing on 2 cottas of land more or less at No. 17 1, Kasi Nath Mullick's Lane in Calcutta, and bounded on the north by the hut of Khairannessa Bibee, on the south by the stable of Gopessur Mullick and passage, on the east by the hut of Mohar Alahi and Jabad Hossain and others and on the west by the hut of Anadi Lall Joshi.

It appears from a search made in the office of the Registrar of Assurance, Calcutta, from 1865 to 1925, that the above property is not subject to any encumbrance at present.

The amount for the recovery of which the sale has been ordered is Rs. 349-12-10, including pleader's fee besides the costs of the execution proceedings and the Sheriff's poundage and charges.

The condition of sale may be seen at the office of the Sheriff of Calcutta before the sale or at the office of the plaintiff's Attorneys and the same shall be produced and read at the time of sale.

ONKARMULL JATIA, Sheriff.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

PART V.

Acts of the Indian Legislature assented to by the Governor-General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

THE following Act of the Indian Legislature received the assent of the Governor General on the 10th March, 1925, and is hereby promulgated for general information :—

ACT NO. VIII OF 1925.

An Act to give effect to certain articles of the International Convention for the Suppression of the Circulation of, and Traffic in, Obscene Publications.

WHEREAS it is expedient to amend certain provisions of the Indian Penal Code and of the Code of Criminal Procedure, 1898, for the purpose of giving effect to the International Convention for the Suppression of the Circulation of, and Traffic in, Obscene Publications signed at Geneva on behalf of the Governor General in Council on the 12th day of September, 1923; It is hereby enacted as follows :—

XLV of 1860
V of 1898.

Short title

1. This Act may be called the Obscene Publications Act, 1925.

Substitution of new sections for sections 292 and 293, Act XLV of 1860.

Sale, etc., of obscene books, etc.

2. For sections 292 and 293 of the Indian Penal Code the following sections shall be substituted, namely :—

XLV of 1860.

“ 292. Whoever—

- (a) sells, lets to hire, distributes, publicly exhibits or in any manner puts into circulation, or for purposes of sale, hire, distribution, public exhibition or circulation makes, produces or has in his possession any obscene book, pamphlet, paper, drawing, painting, representation or figure or any other obscene object whatsoever, or
- (b) imports, exports or conveys any obscene object for any of the purposes aforesaid, or knowing or having reason to believe that such object will be sold, let to hire, distributed or publicly exhibited or in any manner put into circulation, or
- (c) takes part in or receives profits from any business in the course of which he knows or has reason to believe that any such obscene objects are, for any

of the purposes aforesaid, made, produced, purchased, kept, imported, exported, conveyed, publicly exhibited or in any manner put into circulation, or

(d) advertises or makes known by any means whatsoever that any person is engaged or is ready to engage in any act which is an offence under this section, or that any such obscene object can be procured from or through any person, or

(e) offers or attempts to do any act which is an offence under this section,

shall be punished with imprisonment of either description for a term which may extend to three months, or with fine, or with both.

Exception.—This section does not extend to any book, pamphlet, writing, drawing or painting kept or used *bona fide* for religious purposes or any representation sculptured, engraved, painted or otherwise represented on or in any temple, or on any car used for the conveyance of idols, or kept or used for any religious purpose.

Sale, etc., of
obscene objects to
young persons.

293. Whoever sells, lets to hire, distributes, exhibits or circulates to any person under the age of twenty years any such obscene object as is referred to in the last preceding section, or offers or attempts so to do, shall be punished with imprisonment of either description for a term which may extend to six months, or with fine, or with both."

Amendment of
section 98, Act V
of 1898.

3. (1) In sub-section (1) of section 98 of the Code of Criminal Procedure, 1898,—

(i) after the words "kept or deposited in any place" the following paragraph shall be inserted, namely:—

"or, if a District Magistrate, Subdivisional Magistrate or a Presidency Magistrate, upon information and after such enquiry as he thinks necessary, has reason to believe that any place is used for the deposit, sale, manufacture or production of any obscene object such as is referred to in section 292 of the Indian Penal Code or that any such obscene objects are kept or deposited in any place ;"

XLV of 1860

(ii) in clause (c), after the word "materials" the words "or of any such obscene objects" shall be inserted ;

(iii) in clause (d), after the word "materials" the words "or such obscene objects" shall be inserted ; and

(iv) in clause (e), after the words "or materials," where they first occur, the words "or such obscene objects" shall be inserted, and after the words "or for forging" the following words shall be added, namely:—

"or the said obscene objects to have been or to be intended to be sold, let to hire, distributed, publicly exhibited, circulated, imported or exported".

(2) In the Second Schedule to the same Code,—

(i) for the entries in column 8 against sections 292 and 293 the words "Presidency Magistrate, or Magistrate of the first class," shall be substituted ;

(ii) for the entry in column 2 against section 293 the words "Sale, etc., of obscene objects to young persons" shall be substituted ; and

(iii) for the entry in column 7 against the same section the words "Imprisonment of either description for 6 months, or fine, or both," shall be substituted.

(3) In the Fifth Schedule to the same Code, in Form IX, after the words "or seals, or coins" the words "or obscene objects" shall be inserted.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for March 1925.

I. Character of the season.—During the second week of the month rainfall was general throughout the province, precipitation being above the average in eleven districts and below the normal elsewhere. The usual rainfall statement is appended.

II. Progress of agricultural operations.—Ploughing of fields for autumn crops and deep-water paddy, and sowings of the same on low lands, commenced under favourable conditions in Eastern Bengal. Harvesting of spring crops was approaching completion.

III. State of standing crops.—Summer paddy, wheat, vegetables and other late spring crops suffered somewhat from absence of rain after the middle of the month.

IV. Prospects and probable outturn.—The prospects of wheat and spring oilseed crops are fair.

V. Damage to standing crops.—No appreciable damage to the standing crops was reported from any part of the province.

VI. Condition of agricultural stock.—The condition of agricultural stock was reported to be fair on the whole. Sporadic cases of cattle-disease were, however, reported from ten districts.

VII. **Failure of pasturage and fodder.**—Scarcity of fodder was not reported from any part of the province.

VIII. **Prices of food-grains.**—During the second fortnight of the month the price of common rice of the cheapest quality rose in fourteen districts, fell in three, and remained stationary in the rest of the province. It ranged from 5 seers per rupee at Tippera to 8 seers per rupee at Midnapore.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair.
